Snow, Ice Factor As Accidents Total 31

Six Persons Injured In Weekend Mishaps On Streets, Highways

Traffic accidents soared to a total of 31 during the weekend, with many of the mishaps attributed to Friday's snowfall and resultant ice on streets that lingered throughout the weekend.

The year's record on fatalities continued to hold, but six persons suffered injuries.

Frank Bechtel, 10, of 3711 Kirkpatrick Homes escaped serious injury when struck by a northbound auto on Nameoki road at Palmer avenue at 4 p.m. Friday. The boy ran westward across the road, running in front of a parked car on the eastern shoulder, witnesses said.

The motorist, Ralph W. Warren, 24, of 2421 East 23rd street, said he was unable to stop in time. The boy's family declined immediate medical attention for him.

Woman Passenger Hurt

A collision in the 2100 block of Delmar avenue at 12:11 p.m. Saturday resulted in minor injuries to Mrs. Myrtle Sweet of Cleveland blvd., a passenger in the auto of Lloyd Tyree, 40, of 2109 Delmar avenue.

Tyree was backing out of a driveway and the auto of Raymond Ruffer, 61, of 2733 Sunset drive was traveling south on Delmar at the time. There was damage to the right front of the Ruffer car and both the left rear and right rear of Tyree's auto, which was thrown against the parked car of Delmar L. Schwartz, 2115 Delmar.

Barry D. Shelton, 19, an Engineer Depot soldier from Idaho, was injured at 4 a.m. Sunday when his westbound auto went out of control and struck a utility pole at 1312 Eighteenth street.

A member of the 574th Engineer Co., he obtained treatment after the crash. The car was damaged about the front and was towed from the scene.

Boy, 6, Injured

Minor injuries were suffered Sunday afternoon by six-year-old Roger Niesporek, who was a passenger in an auto involved in a two-car collision at 20th street and Cleveland blvd. The boy, who suffered bruises and abrasions, was one of four passengers in a car driven by Raymond Niesporek, 34, of Rural Route Two, Godfrey. No other injuries were listed.

Police said the other car was being driven by Reeves Musick, 68, of East St. Louis, who was making a left turn off 20th street as both cars were traveling west on 20th street.

Skids Into Truck

Thomas Rensing, 28, Collinsville, suffered apparently minor injuries at 12:43 a.m. Saturday in front of 2509 East 23rd street when his east bound car slid on ice against a tractor-trailer operated by Garry Goheen, 23, of 2250 State street.

The truck was attempting to drive north out of a Lipsett Steel Co. parking lot. The left front of the truck and entire right side of the car were damaged.

Woman Hurt In Crash

Minor injuries were suffered by an Edwardsville woman who was a passenger in an auto involved in a two-car crash Thurs-

Madison Tavern Closed 5 Days On Minors' Drinking

Arrest of six youths after a vodka drinking "dare" Jan. 8 has led to a five-day tavern license suspension by Mayor Stephen Maeras of Madison.

The license of Curly's tavern, 1112 State street, was suspended Saturday by Mayor Maeras, ex-officio city liquor commissioner, after viewing evidence submitted by Madison police. The five-day period begins today and will end after Friday.

Curfew violations and disorderly conduct charges were filed by Granite City police after apprehending four minors and two young adults in a field near 16th street and Madison avenue Jan. 8, and a complaint about sale of drinks was made the next day to Madison officers by the mother of one of the youths.

She alleged that drinks had been obtained by the minors in Madison, and the investigation by the Madison department followed. Chief Barney Fraundorf said. Information and evidence then was forwarded to the mayor.

Mrs. Kellermann Dies; 116 Living Descendants

Mrs. Anna B. Kellermann, who leaves 116 living descendants, died at 2:30 p.m. yesterday at St. Elizabeth Hospital, where she had been a patient for two days.

Mrs. Kellermann, who lived along Old Alton road, Mitchell, would have been 90 years old tomorrow.

A resident of the Quad-Cities area for 70 years, Mrs. Kellermann was a Mitchell resident for the past 37 years.

She was a member of the St. Elizabeth Catholic Church and the church's Altar Society. Her husband, Clement, died in 1937. She was born in St. Louis.

Surviving are eight daughters, Mrs. Marie Perry, Granite City; Mrs. Dan (Gertrude) Boyle, Mitchell; Mrs. Margaret Viere of Mrs. Henry (Anna) Perry, both of Glen Carbon; Mrs. Sophia Foehrkolb, Freeport, and Mrs. John (Frieda) Vieth, Mrs. Clifford (Theresa) Higginbotham and Mrs. Thomas (Dorothy) Stack, all of Edwardsville; two sons, Theodore and Clement, of Mitchell; a brother, John Reiser of Granite City; 32 grandchildren, 71 great-grandchildren and three great-great-grandchildren.

Funeral arrangements are given in the obituary column.

Recovering From Surgery

The following are recovering at St. Elizabeth Hospital from surgery which they underwent since Thursday: Doris Steward, 5001 Rapp road; Donald Smith, 2932 Warren avenue; and Helen Ores, 1625 Olive street.

Seek Grant For Venice Study On Pollution

Would Show Whether City Should Proceed Or Name Levee District

Application for federal funds for an anti-pollution engineering survey was authorized Friday night by the Venice City council, which estimated the cost of preliminary plan preparation at $5200.

A $375,900 potential project was outlined, with Mayor John E. Lee saying the engineering study should aid the city in deciding whether to proceed on its own, with other cities or to ask the East Side Levee and Sanitary district to handle construction of sewage treatment facilities.

Action of some type is necessary to meet requirements of the State Sanitary Water Board it was noted. The application being sent to the U. S. Housing and Home Finance Agency in Chicago, lists March 15, 1962, as a target date for construction.

Project Described

The city proposes an interceptor structure, pumping station, force main and primary sewage treatment facilities. Construction would cost approximately $230,000, and equipment would add another $66,000.

Other factors in the $375,900 total besides the $5200 for preliminary plans would be $9500 for land and right-of-way, $11,700 for preparation of final plans, $9100 for supervision of construction and $44,400 for legal, administrative and contingent costs.

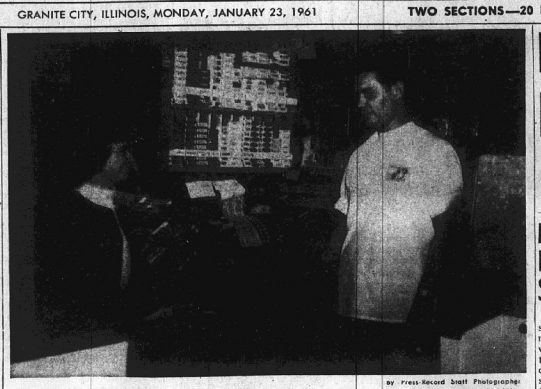

Engineers named to conduct the preliminary survey were C. H. Sheppard, Edward N. Juneau and C. L. Sheppard of the Sheppard, Morgan and Schwaab engineering firm. Juneau attended Friday's council meeting and conferred with Mayor John E. Lee afterward.

The council designated the mayor as representative of the city to file the application and submit all necessary documents to the federal government.

Approval Uncertain

Dr. Lee commented that it is not known whether federal funds will be available for the study, but that the work is needed to show which course the city

Officer Guarded By Shotgun Takes It From Youth

Staring down the wrong end of a loaded and cocked .12-gauge shotgun at 11:38 p.m. Friday, Granite City Patrolman Frank Harris waited his chance and dove for the gun when the attention of 17-year-old Ronald M. Alder, 2701 Roosevelt, was temporarily diverted.

Officers had gone to a house at 2240 Jefferson avenue at 10:42 p.m. due to an argument between the youth and his grandmother, and left when he agreed to retire for the night.

However, the disturbance broke out again, and Harris was confronted with the shotgun, as he reached the front door. Another officer, Steve Carich, stayed in the darkness and could have taken action against Alder, but there was danger of the shotgun being discharged, police reported.

"He began arguing with his grandmother again," Harris related. "When he dropped the barrel slightly, I dove for him and got the gun."

Held until Saturday, the youth was sentenced to a 90-day county jail term for vagrancy and was taken that night to Edwardsville.

Police Magistrate Andrew Gasparovic jr. also assessed fines totaling $460, including $200 and costs on flourishing a deadly weapon, $100 and costs each on disorderly conduct and resisting arrest, $50 and costs on creating a disturbance and $10 and costs on drunkenness.

Party Tickets Filed Today In Madison, Venice

Petitions were filed today in Madison and Venice on behalf of incumbent Madison and Venice city officials and their running mates. No petitions for independent candidates had been filed at either the Madison or Venice city halls late this morning.

Seeking re-election in Madison, all on the Improvement Party ticket, are Mayor Stephen Maeras, City Clerk Percy Lux, City Treasurer Demos Nicholas, First Ward Alderman John Bridick, Second Ward Alderman Benjamin Bosworth, Third Ward Alderman Ray Kozielek and Fifth Ward Alderman Booker T. Walton.

Also filing on the Improvement Party ticket were Christ Costoff, for the Fourth Ward aldermanic post vacant since the death of Paul Klyacheff; and Louis Sam Kismer for police magistrate.

Under the Civic Improvement Party banner in Venice, petitions were filed for incumbents Mayor Dr. John E. Lee, City Clerk William J. M. Ebersoldt, City Treasurer Bernard Anderson, Police Magistrate Wesley Edwards, First Ward Alderman Edward H. Buente, Second Ward Alderman Hank Svezia and Fourth Ward Alderman William Grigger.

Also filing on the Civic Improvement Party ticket was Louis Ratliff, who will be a candidate for third ward alderman, a position vacant since Alderman Walter Epperson took up residence outside Venice.

There were no new filings this morning in Granite City.

Minor Fire At Tavern

An overheated flue in the furnace room at Clinton's Tavern, 1663 Market street, Madison, was the cause of a fire which resulted in an estimated $10 damage to an awning at the establishment, according to Madison firemen, who answered the alarm at 11 a.m. today.

Marianne Wagner Crowned Junior Achievement Queen

(Picture on Page 3)

A hushed audience of more than 1500 watched brown-eyed beauty Miss Marianne Wagner, 16, become "Miss Junior Achievement of 1961," in coronation ceremonies Friday night at the Hotel Chase in St. Louis.

Miss Wagner, daughter of Mr. and Mrs. Edwin L. Wagner, Rural Route One, was crowned by Veiled Prophet Queen Miss Sally Ford Curby, at the 11th annual JA coronation ball.

The identity of her majesty was kept secret until the promenade down the aisle began at 9 p.m. She was selected by a panel of judges, whose choice was unanimous.

Selection was based on beauty, poise and personality. The candidates underwent extensive interviews and tests earlier this month.

Eight contestants from centers in the St. Louis area were competing for the crown.

Second GC Queeen

Miss Wagner became the second girl from the Granite City Center to win the honors. The 1960 queen was Miss Patricia Sexton.

A junior at Granite City high school, Miss Wagner was escorted down the aisle by Herman S. Spoehrer, chairman of the board of directors of Junior Achievement of Mississippi Valley, Inc. She wore a white gown.

Following the coronation, Miss Wagner and her escort danced to the "Queen's Waltz," with other members of her court and their escorts joining in.

Miss Wagner's sister, Marilyn, was a top contender for the 1957 crown.

Included in the festivities was dancing and professional entertainment.

Miss Wagner is a member of the student council, GAA and Red Peppers and also is president of FiDele Tri-Hi-Y and vice-president of the Youth Fellowship at her church.

At the local center she was a member of the Bi-Ac Co., counseled by A. O. Smith Corp. and acted as personnel manager.

She was selected to represent her center by vote of all corporations of the center.

Junior Achievement is an educational program designed to teach teenagers the fundamentals of business operations under the American free enterprise system.

First Securities Brokerage Office Here Opens Today

Opening of the Quad-Cities first stock brokerage office was announced today by Dempsey-Tegeler & Co., nationally-known investment firm.

Located at 2001 State street, the office was opened for business this morning. It is the second new office the company has opened in the metropolitan area this month, the other being on the first floor of the new Clayton Inn building in Clayton, Mo.

The new Dempsey-Tegeler office in Granite City is equipped with the latest wire facilities, which provide instant news of the markets of the world, it was announced.

Frangoulis Named Manager

Resident manager is George Frangoulis, a current member and former president of the Madison Rotary club.

Associated with Dempsey-Tegeler for the past five years, Frangoulis previously was an official of the Madison Packing Co.

The new office, located across the street from the Granite City Steel Co. office building, is in the first-floor corner area of a building that has been extensively remodeled. It will be open from 9 a.m. to 4:30 p.m. daily Monday through Friday, and from 9:30 a.m. to noon each Saturday.

Sees Growth of Area

"We believe the present size of the Quad-City community and its growth potential for the future justify the establishment of this type of office, as well as many other types of business," Frangoulis commented.

Top executives of the securities firm from its national headquarters, 1000 Locust street, St. Louis, participated in today's opening.

Dempsey-Tegeler & Co., founded in St. Louis in 1923, now operates 47 offices in 45 cities, providing complete investment service in all phases of the securities business. The company is a member of the New York Stock Exchange and other principale exchanges.

Stamps Trial Feb. 14; Other Indictments

John William Stamps, 21, of the 2800 Block of Myrtle avenue, Granite City, indicted last week for murder in the Nov. 4 shooting of Lorinzo Oliver, 31, pleaded innocent at an arraignment Friday at the circuit court in Edwardsville. Trial of the case was set for Feb. 14.

Also indicted and pleading innocent was Henry Louis Odom, 28, of 1029 Market street, Venice, named in six indictments for burglary and larceny. Arrested Nov. 7 by Venice and Madison police, he admitted a series of break-ins at homes in the Quad-Cities since August.

Others indicted and submitting innocent pleas included Andy Ring, 20, Madison, burglary-larceny; Jack McLean, 21, Granite City, burglary-larceny; and Bedford James Brawley, 17, burglary.

Police Capture Bandit In Gun Battle At Store

Man Breaks Leg In Fall, Other Snow Mishaps

A weekend of snow, ice and sub-zero temperature had a direct impact on all Quad-Cityans, with many curtailing travel plans to avoid difficulty but a few encountering unfortunate circumstances. Several inches of snow fell Friday and streets remained hazardous today.

Joseph Shemonia, 1707 Edison avenue, slipped and fell on ice at 1222 Madison avenue at 8:15 p.m. Friday, suffering a leg fracture. He was taken by ambulance to St. Elizabeth Hospital, where he was admitted for treatment.

Also treated at the hospital for a weekend fall on ice was Larry Lipe, 16, of 1735 Pontoon road, who suffered a right elbow injury.

Illinois Power Co. crews spent much of Friday night and Saturday morning working to repair power line damage caused by an auto running into a utility pole at Edwards street and Washington avenue at 11:50 p.m. Friday.

Power to homes and businesses in the area was interrupted only momentarily, but the full repair project proved to be extensive.

The power failure set off a burglar alarm at the Diamond Plating Co., 23rd street and Monroe avenue, causing police to be notified. Wires were pulled down in the 2500 block of East 23rd street and were reported to be burning at midnight, but a lineman halted the blaze by deadening the electric current.

The driver of the 1956 auto responsible for the damage apparently fled from the scene, and police had the vehicle towed to a garage, placing a "hold order" on it.

There were no city or state licenses on the car.

The frigid weather caused bottles to burst, ruining 25 cases of beer and 12 cases of soda outside the Na-Bor-Hood liquor store at 2530 Nameoki road, police discovered at 3 a.m. Saturday.

Jerry Thomason, 4381 Route 162, was treated at 2 p.m. Sunday for a right knee injury suffered when he fell off a bobsled.

One Or Two Escape In Robbery At Bellemore Reese Drug Saturday

A hail of bullets punctuated the still night air in the Bellemore shopping center parking lot at 9:47 p.m. Saturday as Granite City police partially foiled an armed robbery and captured one of the bandits.

A paper bag containing $190 taken from the Reese drug store was recovered on Carlson avenue, where the officers apprehended Steven L. Winn, 34, of 1912 Harris street, Madison. Charged with armed robbery, assault with intent to commit murder and assault with a deadly weapon, he is to appear at a hearing this afternoon.

One or two companions who escaped in an auto are still being sought by the police, who estimated that Winn shot at least six times at them and that they fired at least 12 shots as they dodged among parked vehicles. A truck, two autos and the building are believed to have been struck.

Miraculously, no one was wounded, although there had been several customers in the back of the store at the time of the robbery and there was some traffic in the parking lot.

Work Quickly, Quietly

The holdup took place quietly and quickly after the robbers waited for their customer to leave and then confronted Miss Phyllis Hayes, 3253 Wayne avenue, cashier, at the cash register next to the southern exit and Melvin LeVault, 3112 Edgewood avenue, pharmacist, who was checking funds in the next register preparatory to the 10:30 p.m. closing.

Winn was the last to leave the store, using a pistol to force LeVault to empty currency from the cash register and place it in a paper bag. His companion waddled up bills from Miss Hayes' register and slipped out, reaching a getaway car at the back of the lot and either getting behind the wheel or joining the driver if there was an accomplice.

Stationed in the area due to the approaching closing hour, Detectives Michael DeVine and Kenneth Watts were momentarily unaware of the crime. Watts was in the rear of the large store and DeVine was seated in a car outside, with a view of the store through plate glass windows.

Handkerchief Is Tipoff

"I saw him trying to hold a handkerchief in front of his face, and realized something was wrong," DeVine said. "I got out of the car as he started to leave and called to Watts, who was coming out of the north door about the same time.

"When the man got outside I ordered him to halt and he immediately turned and fired two shots at me. I fired and he ducked between parked cars. We kept firing as I followed him. Watts had radioed for assistance and was driving in between the two sets of stores, and I ran down to the far southern end to come around behind Winn.

"He ran through some yards and I got into the car so we could follow him down Jill. Just

Mrs. Anna M. Spohr, 86, Dies Saturday

Mrs. Anna Marie Spohr, 86, of 1721 Fourth street, Madison, died at 11:55 a.m. Saturday at the Madison County Nursing Home, Edwardsville.

She had been ill for about one year and had been a patient at the nursing home for seven months. Her husband, Louis, died in 1912.

Mrs. Spohr, the former Anna Marie Ott, had been a Granite City resident for 70 years, coming here from Austria where she was born.

She was a member of the Madison Democratic Club.

Surviving are a son, Carl Spohr, of Madison; four grandchildren and 10 great-grandchildren. One son, Louis, who was a Madison police magistrate, preceded her in death.

Funeral arrangements are given in the obituary column.

ICC Takes Bus Route Under Advisement

Taken under advisement by Commissioner Harold E. Posljusny of the Illinois Commerce Commission, was testimony given by about 14 persons, who appeared Thursday for a hearing at the city hall in Granite City on the routing of the East Granite busses of Community Coach Co.

Several residents of the 2500 block of Delmar avenue asked that southbound busses be removed and possibly routed over Cleveland blvd. During a hearing last summer, the residents complained of busses running in both directions in the 2500 block of Delmar avenue, and as a temporary measure, the northbound vehicles were rerouted in the 2500 block of Edison avenue.

Last Thursday's hearing was called by the ICC to determine if the routing was to be permanent. A decision on the present routing and the complaints is expected within a few weeks.

Also in attendance were representatives of the bus company and Mayor Davis.

School Incumbents Seek Re-election

Candidacy Announced By Kaseberg And Abenroth

Glenn C. Abenroth and Howard W. Kaseberg, incumbent members of the Granite City school board, announced today they would seek re-election April 8. Both are completing their first three-year terms.

In a joint statement, the two directors said:

"During the past three years, there have been accomplishments of major importance to both students and taxpayers, and we are proud to have had a part in achieving them."

Among these major accomplishments, they listed:

1. School purchases have been put on a bid basis, with resultant substantial savings in operating costs.

2. Three new elementary schools and the West Granite Prather junior high school have been completed and are now occupied by students.

3. A $600,000 addition to Granite City senior high school, built with federal funds at no cost to school district taxpayers, is in the final stage of construction.

4. A uniform instruction program, coordinating all elementary and high school courses, has been adopted.

5. The high school foreign language program has been expanded, classes in Russian inaugurated, and the most modern language laboratory in the country has been installed.

6. Adult counseling of students has been greatly improved and expanded.

7. A financial department has been established at substantial savings to taxpayers. Last year alone this accounted for $40,000 in earned interest on school district funds.

8. A central office for more efficient operation of school business was opened in the Labor Temple building.

Kaseberg and Abenroth also said they were pleased by the

Class of 85 Preparing For GCHS Graduation

The final week of high school began today at Granite City high school for a class of approximately 85 top seniors.

Final examinations are scheduled for GCHS students tomorrow and Wednesday, and students in the district will be dismissed Thursday as teachers bring their test papers and class records up-to-date. The semester will close Friday, with the spring term beginning next Monday, Jan. 30.

Baccalaureate services for the graduating students are planned for next Sunday afternoon, with the commencement program following on Monday evening, Jan. 30.

Guest speaker will be Professor Lowell B. Fisher of the University of Illinois, state chairman of the North Central Association of Colleges and Secondary Schools.

A Girls' Athletic Association dinner is planned for Thursday at GCHS.

Today marked the beginning of the new semester in the Madison and Venice school districts, where the fall term ended Friday.

The GCHS graduation is the only midyear commencement remaining in the Quad-Cities. It will end when the January classes currently at the school progress upward and graduate.

Man Found On Street Without Shirt Or Coat

Police were summoned about 12:30 p. m. today to 22nd street and railroad tracks where they found a man in his twenties wandering around without a shirt or coat in below freezing temperature. The officers took him to headquarters and summoned a doctor and his family.

The officers said the man, a resident of the West Granite area, had sneaked out of the hospital shortly before noon, garbed only in trousers, shoes and socks. He told them he wanted to go home. The man had been in the hospital for treatment of an illness.

Friday Mishaps Include 2 Johnson Road Crashes

A group of seven non-injury Granite City traffic accidents attributed to Friday's snowfall include two mishaps on Johnson road, police reported.

The eastbound auto of Mary Verbryck, 2316 Gary avenue, and the southbound car of Gloria Johnson, 2918 Sunset drive, sustained front end damage in colliding at the Johnson road curve adjacent to Edgewood avenue at 2:40 p. m. Friday.

Twenty-five minutes later, at 3:05 p. m., a mishap occurred on Johnson road at Wabash avenue, damaging the front of the southbound car of David Bloodworth, 53, of 2026 Clark avenue and the right side of the westbound auto of Fred Lacicero, 39, of 2588 Boyle avenue.

Eastbound autos met on 20th street at State street at 3:20 p. m. Friday, damaging the taillight of a car driven by Loren Davis, 26, of 2060 Cleveland blvd. and the front of the auto of William A. Lowry, 42, Berkley, Mo., who said he slid on ice.

Forced to make a right turn by another southbound auto at 3:56 p. m. Friday, the car of Glen Cockrum, 18, Rural Route One, moved onto 17th street and collided with the auto of Frank Combetto, 52, Collinsville, who had been driving west on 17th. The left front of Cockrum's vehicle and the left side of the Combetto car were damaged.

The first accident resulting from the snow occurred about 11:45 a.m. Friday at 22nd street and Madison avenue involving autos driven by William Hobson, 44, of 33 Riviera drive, who was going west on 22nd street, and Arthur Hallenberg, 55, of Oak Park, Ill., who was traveling north on Madison avenue.

Shortly after noon, a truck and auto collided at 23rd and Iowa streets, where Dee Brooks, 56, of 1414 Seventh street, Madison, was operating a Union Coal & Feed Co. truck west on 23rd street, and Paul E. Utley, 19, of 2908 Willow avenue, was driving an auto north on Iowa street.

About 2:10 p.m., autos driver north on State street by Harold L. Chinault, 35, of 2309 Wilson avenue, and Opal M. Barnes, 40, of 1228 Market street, were involved in a collision at 18th street. Police said Chinault had stopped for a boulevard sign and the Barnes' auto hit the rear of the car.

Named ISIS Officers

Richard S. Rosenthal, the Purdy Co., Madison, has been elected third vice-president and Dale F. Fahrendorf, Lurio Bros. & Co., Inc., Granite City, has been named chairman of the executive committee of the St. Louis chapter of the Institute of Scrap Iron and Steel, it was announced today.

Johns-Manville Diversified Firm With 22,000 Employees

Johns-Manville Corp., which announced Thursday that it is purchasing the Madison plant of Celotex Corp., is a firm owned by 30,000 stockholders and employing 22,000 persons, contrasting with its start in 1858 as a one-man enterprise.

In its 103-year history, the firm has forged a ceaseless chain of invention and improvement of products designed chiefly to control heat, cold, sound and motion, and also to provide protection against fire, weather and wear.

It is regarded as a leader in creating better homes and greater industrial efficiency through the application of science.

The company began in a New York City basement when Henry W. Johns, a 21-year-old New England farmer, arrived to seek his fortune and began experimenting with roofing and insulation. He started producing roofing materials in the basement workshop, and by 1868 was turning out a varied line of asbestos products for both homes and industry.

Leads Asbestos Industry

He died in 1898 after pioneering in development of a world-wide asbestos industry; the firm is still the largest asbestos producer.

The Manville Covering Co. of Milwaukee was merged in 1901 with H. W. Johns Manufacturing Co. of New York to form Johns-Manville. Then, in 1927, the company began a transition from a closely-held, family-type firm to wide spread ownership.

Today, people in all walks of life own the business, which also has become a leading maker of industrial products, insulations and building materials, serving markets everywhere. It is listed on the New York Stock Exchange, Toronto Exchange and Montreal Exchange.

Fibers, Natural Resources

Over the years, many important natural resources have been added to the company's expanding list of raw materials, as new products were added to the Johns-Manville line. These raw materials now include a family of fibers — asbestos fiber, fiber glass, mineral fiber and wool fiber — and diatomite, perlite, rubber and plastics.

From its earliest days, John-Manville has been committed to continuing industrial research and development on a wide front, evolving many new products over the years. J-M Research also makes initial sales of new products, and its New Business Development Department establishes new markets.

The company now has the largest research and engineering center of its kind in the world at Manville, N. J., for development of industrial articles and construction materials. The firm also operates a fiber glass technical center at Waterville, O., and specialized laboratories in Chicago for development of pressure-sensitive tapes and allied rubber products. All of these scientific research activities are closely coordinated.

55,000 Products

Its 10 operating divisions embrace 26 different types of businesses and distribute 55,000 individual products in over 500 lines.

Annual sales have grown from $10,000 in the early days to a yearly rate of almost $400,000,000, and they are still growing. The original workshop has grown into a network of 42 modern, highly - mechanized plants and four asbestos, diatomite and perlite mines.

Two new plans were put into production in 1960, one at Chillicothe, O., and another at Hull, England. In addition to the three Celotex facilities that are being acquired, Johns-Manville expects to open two new plants during 1961 — one in France and one in Italy — bringing the total to 44.

Principal sales offices are in New York, St. Louis, Atlanta, Boston, Buenos Aires, Chicago, Cincinnati, Cleveland, Denver, Houston, London, Los Angeles, Mexico City, Milwaukee, Montreal, New Orleans, Philadelphia, Pittsburgh, San Francisco, Seattle, Toledo, Toronto, Vancouver and Winnipeg.

Building Products Division

The local plant will be operated under the Building Products Division of New York.

Other operating divisions and their headquarters are: Asbestos Fibre, Asbestos, Que.; Canadian Products, Port Credit, Ont.; Celite, New York; Dutch Brand, Chicago; Fiber Glass, Toledo; Industrial Insulations, New York; International, New York; Packing and Friction Materials, New York; and Pipe, New York.

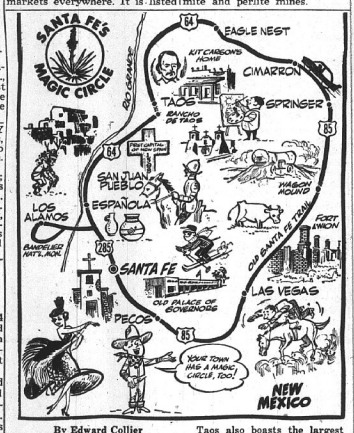

Mill and mine locations include Chicago, Joliet, Rockdale and Waukegan, Ill.; Alexandria and Richmond, Ind.; Chilliicothe and Defiance, O.; Corona, Lompoc, Los Angeles, Pittsburg, Stockton and Watson, Calif.; San Antonio, Colo.; Manville and New Brunswick, N. J.; Nashua and Tilton, N. H.; Asbestos, Que.; Munro, North Bay and Toronto, Ont.; Denison, Fort Worth and Houston, Tex.; Jarratt, Va.; Klamath Falls, Ore.; Zellenople, Pa.; Savannah, Ga.; Parkersburg, W. Va.; No Agua, N. M.; Natchez, Miss.; Marrero, La.; Mol, Belgium; and Mexico City, Mexico.

Varied Markets

Markets served include aircraft, appliance, asbestos converters, atomic energy, automotive, beer, bulk concrete, chemicals, cosmetics, dry cleaning, electronics, farm, fertilizer, fireproofing, food, foundry, generators, home construction, home modernization, insulation, industrial equipment, industrial friction materials, institutions, irrigation, laboratories, marine construction, missile and rocket, mobile home, natural gas, packaging, paint, petroleum, pharmaceuticals, plant construction, plastics, pleasure boating, pulp and paper, pump manufacturing, radio and television, railroads, refrigeration, schools, sewage disposal, smelting and refining, soil conditioning, sound control, steam transmission, sugar refining, textiles, trucking utilities, water purification, water transmission and wine.

The J-M slogan is "Somehow, Somewhere, a Johns-Manville Product Serves You."

Adrain R. Fisher is chairman of the board, and Clinton B. Burnett has been president since 1959. The Building Products Division general manager is Reed S. Hammond, a vice-president of the firm.

Color and gaiety is the lure of Santa Fe, New Mexico's unconventional capital city, with winding streets, honey-colored adobe houses with hidden flower-bordered patios and pools, the 1610 Palace of the Governors, beautiful old churches, new state capitol and September's glittering Fiesta.

The Magic Circle auto trip leads to ancient cliff dwellings of Bandelier National Monument; Los Alamos, "birthplace" of the atomic bomb; past a cross marking the 1598 first capital of New Spain; and Taos, world-renowned art center.

Taos also boasts the largest Indian pueblo where, for untold centuries, these "first Americans" have lived in two huge, graceful five-tiered communal adobe structures. The home of the famous scout, Col Kit Carson, has been preserved near the town plaza.

North around Eagle Nest is mountainous dude ranch and fishing country; then a spectacular pink sandstone canyon to Cimarron, where six-guns once roared; Wagon Mound, a dark landmark butte; the ruins of historic old Fort Union and friendly Las Vegas, a famed cattle town.

City Completes 8 Months of Year With $333,000 Balance

Granite City ended eight months of its current fiscal year with a $333,693 balance in its general fund account on Dec. 31, according to the monthly financial report completed last week.

The December statement shows receipts of $45,636 and general fund expenditures of $61,903. Total disbursements for the eight-month period were $757,966, an average of $94,745 a month.

Two of the 15 general fund accounts continued with deficits on Dec. 31 — pumping station, $2042, and elections, $3290; while the accounts with the largest balances were — excess commissions, $92,773 and street department, $85,186.

A breakdown of general fund accounts, showing total disbursements and Dec. 31 balances follows:

Fire department, $186,844 and $17,698; water, $9427 and $26,037; street department, $167,794 and $85,186; street lighting, $7062 and $46,336; pumping station, $5722 and a $2042 deficit; general government, $53,070 and $4591; city hall, $12,861 and $11,495; police department, $152,434, and $24,388; inspection department, $10,290 and $3570; elections, $7785 and a $3290 deficit; sanitation department, $108,372 and $15,454; interest and judgment, $10,693 and $3609; dog catching, $3854 and $4982; contingent, $6116 and $2902, and excess commissions, $13,575 and $92,773.

Special Accounts

The special fund accounts, with total disbursements of $416,350, showed a $565,475 balance on Dec. 31, also with two accounts in the red—civil defense, $3018, and maintenance of sewers, $69,126.

A similar breakdown, showing total eight-month disbursements and Dec. 31 balances, follows:

956 Aided By Protestant Welfare In 1960

During the past calendar year, the Protestant Welfare Association handled 248 cases involving aid to 956 persons, an annual report by President William G. Harris revealed today.

Welfare assistance included food, rent, new and used clothing, used furniture and household articles, medical, utility and fuel bills, help for transients and counseling.

The agency also was instrumental in obtaining jobs for some.

Christmas Baskets

"Since July, we have given away many articles of used furniture and household, items, valued at approximately $673. Harris reports. "We also provided 107 families with Christmas baskets or orders, toys and some clothing."

The 248 cases during 1960 consisted of 168 new, 56 recurrent and 24 incidental cases.

Protestant Welfare closed out 242 cases in the past year, leaving 181 pending as of Dec. 31.

367 Relief Orders

The agency gave out 367 relief orders, including 197 for food, 51 rent, 47 utilities, 42 ned shoes and clothing and 30 medical.

Relics, Auto Among Themes At Scout Fair

A Feb. 15 deadline has been set on applications by Cahokia Mound Council units for booth and exhibit space at the Boy Scout Council's 1961 "scouting fair," to be held May 5 and 6 in Venice. And, already, a sizeable batch of applications have been received.

The first group of applications included three from Uniwah district or Quad-City units. Among them is Sacred Heart Post 18's "auto mechanics" project, for which the explorers are assembling an auto.

Nameoki Presbyterian Troop 91 has chosen an "Indian Relics" theme, and Maryville PTA Troop 96 will prepare an exhibit of pioneering construction.

The fair again will be held at the Venice Madison American Legion home, Venice Boy Scout home, Venice grade school and the Venice high school field, all located in the 700 block of Broadway.

A charge of failure to yield right-of-way was placed against Shirley M. Harshany, 25, of 2428 Cleveland blvd., who was involved in a two-car accident Thursday afternoon at Jill and Wayne avenues. She posted her driver's license as bond.

Police said she was driving south on Wayne avenue, while the other car was being operated east on Jill avenue by Pauline S. Caffrey, 36, of 712 Dale avenue. No injuries were listed.

Hope To Solve April 4 Polling Place Mixup

Supervisor Leonard Oram said today he has been advised by County Clerk Miss Eulalia Hotz that the same 28 polling places set up in Granite City township for last November's general election are to be used in the April 4 justice of the peace-constable election.

Oram also was instructed by Miss Hotz to hire the same poll workers. "This will probably cause confusion because the city will be holding the regular city-township election on the same date," Supervisor Oram pointed out. He plans to confer with city council members tonight to work out a solution.

The city council several weeks ago turned down a proposal by Miss Hotz to share the polling places. To hold an election in Granite City costs about $3000, and for a double election, the cost would be $6000.

Oram said he has election polling booths and equipment for only 28 polling places. The county has 28 precincts in Granite City township, while the city has 21 voting precincts and normally rents the county equipment.

To further confuse the election, the voters in the JP-constable election must be registered, while city-township registration is not required.

Dr. Wagner To Speak For World Prayer Day

Dr. O. Walter Wagner of St. Louis, will be guest speaker at the annual World Day of Prayer service Feb. 17 sponsored by the Quad-City Council of Church Women, according to an announcement by the planning committee for the event. The service will be held at 7:30 p. m. at Niedringhaus Memorial Methodist Church.

Dr. Wagner, a well known minister and lecturer, returned recently from a trip to Africa where he spent some time with Dr. Albert Schweitzer. He will speak here on the topic "Africa, Rough Road To Freedom."

A combined choir of representatives from the participating churches will also be on the program.

Mrs. Paul Surbey is president of the local Council of Church Women and Mrs. Craig Dillman, of Venice, is acting as program chairman.

Bishop Pillai of India To Speak Locally

Bishop K. C. Pillai, D.D., of Madras, India, a Hindu convert to Christianity, will be guest speaker at two local churches starting next Sunday at the first Assembly of God Church, 24th street and Grand avenue.

Bishop Pillai is a Bishop of th. Eastern Orthodox Church and is the national rrector of the department of Interdenominational Relations under the Orthodox Patriarchate of America. He was introduced in this country several years ago at Moody Church, Chicago, by Dr. H. A. Ironside, and his work has become widely recognized.

The Bishop will speak at the First Assembly of God Church from Jan. 29 through Feb. 5, and starting on the evening of Feb. 5 will be at the First Presbyterian Church, 22nd street and Delmar avenue each evening through Feb. 12.

Rev. Paul A. Evans of the First Assembly of God Church said Bishop Pillai is currently engaged in inter-denominational ministry, conducting seminars, evangelical lectures series and Bible conferences under the title "Light Through an Eastern Window."

"Bishop Pillai has a contribution to make to the church in the Western World and I recommend him to churches and pastors of this hemisphere.

"He is a man of God with a message for God's people on the people's level."

During his visit here, Bishop Pillai will interpretate the phrases, parables, customs and traditions of the Bible in the light of Eastern thought.

"The light on the Bible which Bishop Pillai brings to his listeners is a basic way to the understanding of the scriptures. The book lives in a new way as he speaks of the customs, traditions and mannerisms of the people of the Orient," Rev. Evans said.

1960 Vital Statistics

13 Sets Of Twins Born To Quad-City Families

Thirteen sets of twins were born to parents in the Quad-City area in 1960, according to an annual report on Madison county vital statistics, compiled by County Clerk Eulalia Hotz.

A total of 1093 marriage licenses was issued in the Quad-Cities out of a grand total of 1951 in the county. The 1959 county total was 2044.

The number of marriages performed in this area totaled: Granite City, 354; Madison, 157; Venice 18; and Mitchell, 13,. In the previous year, the same figures were 329, 156, 35 and 17 with two in Nameoki township.

Fewer Births, Weddings

The report showed fewer births were recorded in comparison with 1959, less marriage certificates were issued and the death rate increased.

Of the 4801 births in 1960, there were 40 sets of twins, as compared with 4988 births and 58 twins in 1959.

Eleven sets of twins were born to Granite City parents and two sets to Madison couples.

Local Twins

Quad-City twins and their parents are as follows:

January — Keith and Kevin, sons of Mr. and Mrs. Thomas K. Grady, 4104 Kirkpatrick Homes.

February — Randy and Ricky, sons of Mr. and Mrs. Leo Boyd, 3013 Ramona drive; March — Renee and Robin, daughters of Mr. and Mrs. Aimo E. Hakkarainen, 1801 Third street, Madison, and Christine and Christopher, children of Mr. and Mrs. Raymond C. Luczaj, 1230 Granite avenue.

June — Bryan and Bruce, sons of Mr. and Mrs. Robert Schwartz, 4204 Kirkpatrick Homes. July — Penny and Paula, daughters of Mr. and Mrs. Paul E. Gendron, 1916 Johnson road, and Linda and Lori, daughters of Mr. and Mrs. Larry W. Niepert, 2421 Washington avenue.

August — Jerry and Jerry, sons of Mr. and Mrs. Billy W. Dillard, 1345 Grand avenue, and Vasil and Tamara, children of Mr. and Mrs. Peter Trojan, 845 Alton avenue, Madison.

September — Colin and Brent, sons of Mr. and Mrs. George R. Feeney, 2013a Delmar avenue, and Donald and Sandra, son and daughter of Mr. and Mrs. Donald W. Wesley sr., 2401 Rock road; November, Gary and Jerry sons of Mr. and Mrs. George C. Arnold, 716 Twenty-sixth street; December—Mark and Matthew, sons of Mr. and Mrs. Jesse Maxvill, 2114 (rear) Delmar avenue.

Boys Outnumber Girls

The county-wide figure shows more babies were born in October — 462 — than in any other month. Coincidentally, there were 231 boys and 231 girls born that month.

A monthly breakdown is as follows:

January, 376; February, 396; March, 380; April, 392; May, 365; June, 354; July, 447; August, 410; September, 448; October, 462; November, 389; and December, 382.

Of the total figure, 2531 were boys and 2270 were girls.

2086 Deaths In County

The figures on the county death rate show 2086 in 1960, as compared to 2012 in 1959.

The monthly breakdown is as follows:

January, 213; February, 209; March, 192; April, 198; May, 151; June, 159; July, 156; August, 183.. September, 135; October, 173; November, 164; and December, 153.

Most marriages followed the June custom, with more "I Do's" being said in that month than in any other—258.

Monthly wedding data follows: January, 133; February, 144; March, 115; April, 135; May, 126; June, 258; July, 208; August, 183; September, 167; October, 177; November, 149 and December, 156.

Optimists Hear Music Training Evaluated

Demonstrations and remarks on the value of musical training in the schools were presented by Granite City high school Band Director Louis Meek and junior high school Orchestral Director Dean Duncan to members of the Daybreak Optimist Club Saturday morning at the YMCA.

Duncan described the use of the violin, viola, cello and double bass and demonstrated their uses within an orchestra. He gave Optimists a musical talent test which is used in the schools to evaluate the hearing of prospective music students.

Sales of Christmas trees by the three local Optimist clubs totaled $8694 during the recent Christmas season, according to reports made. Profits from the sales amounted $2705, which will provide about $900 to each of the three local Optimist clubs and will be used to further boys and girls work, it was reported.

During the meeting, the Daybreak club presented its "Youth of the Month" award to James Schmedake, who was introduced by Richard Hastings. Schmedake is active in church work and the Boy Scouts, and at the YMCA, where he is a member of the youth staff. He plans to attend the University of Missouri upon graduation from high school.

A three-year perfect attendance pin was presented to George Sturmon by club President Sigmund Fredericks. Appointed members of the Granite City Scholarship Foundation were Al Steinhouser, Robert O'briant and Charles Rodell. The invocation was led by Ed Stack.

Gun, Money Under Car

Police found the .32-caliber automatic and the paper bag, still containing the money, beneath a nearby parked car. Other officers arrived and took Winn to the station. It is believed that the companion or companions sped away immediately upon hearing the gunfire.

An exact estimate of the missing funds has not been announced, but it appeared to be a large sum that was taken from the first cash register, police learned. The man who escaped did not display a gun but had one showing from inside his coat.

Miss Hayes recalled that the man ordered her to "Hand it over," and LeVault said Winn had given a similar order. No specific threats were made, but the gun trained on LeVault convinced both store employees to comply with the instructions.

The investigation is being continued by Granite City police, and warrants in the case were issued by Assistant State's Attorney John Gitchoff.

Levee Board Presidency Battle Continuing

The battle for presidency is continuing on the board of trustees for the East Side Levee & Sanitary District with the latest action by Daniel Costello, who filed a motion Friday in the circuit court at Belleville to dismiss a complaint filed against him on behalf of Lawrence T. Tolar.

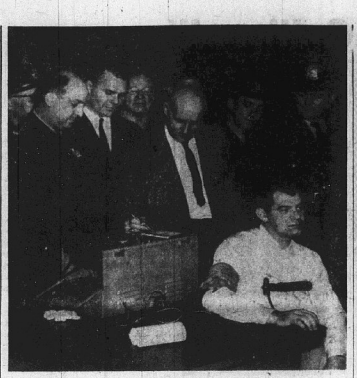

Both Costello and Tolar claim the board presidency and have entered into suits filed in the city court of East St. Louis by Costello and in the St. Clair county circuit court by Tolar.

Each claimant is endeavoring to obtain court action to prevent the other from taking office Tolar filed quo warranto proceedings against Costello early last week in an effort to obtain a court ruling on his (Tolar's) claim to the presidency.

Last Dec. 19, Costello obtained a temporary injunction from the East St. Louis city court to restrain Tolar from assuming the presidency.

Large Quantity of Tires, Oil Taken; Six Other Thefts

Tires and cases of motor oil, valued at nearly $600, have been stolen from the garage of Walter Chatman, Nameoki and Pontoon roads over a period of weeks, according to a report made Thursday afternoon to Granite City police.

Items taken included 25 tires, worth $418, and 30 cases of oil, valued at $180. Police said the items apparently were being "sneaked" out of the garage.

Thefts In Parking Lot

Two thefts occuring Saturday evening at the Washington theater parking lot in the 1800 block of Edison avenue were reported to police. Two wheels and white sidewall tires were stolen off the 1956 auto of Gary Miller, 2200 Lincoln avenue, and the two front hubcaps were taken from the 1954 auto of Glen Wood, Rural Route Four, Edwardsville.

A half-barrel of Michelob beer was stolen off a beer truck at 1:10 p.m. Saturday while it was parked at the rear of the Gates tavern in Granite City, police were notified by the driver, Marvin Storner. The truck was operating from a warehouse at 1915 Edwardsville road.

Apparent Break-In Attempts

Two apparent break-in attempts were discovered early Friday morning by Granite City police.

The officers at 1:20 a.m. found several glass blocks in a rear window at Supreme Radio & Appliance Co., 2109 Johnson road, had been broken, but entrance was not gained.

About 2:25 a.m., they found a street entrance door open at 1308a Nineteenth street, and that an upstairs office door to the Shields Music Studio apparently had been forced open. Nothing was disturbed, according to the report.

Theft of a baby mattress from a crib in a home at 1607 Poplar street, was reported to Granite City police Thursday night by William Gann, 3909 Kirkpatrick Homes, who said the theft occurred earlier last week.

Truck Tire Stolen

A tire was stolen off the Vars Express Co. truck of G. H. Harrison, East St. Louis, while it was parked at East 24th street and Bromley avenue about 9:30 a.m. Friday, he notified police that afternoon.

Theft of two spinner-type hubcaps off his 1955 auto while it was parked in the 1800 block of Edison avenue Saturday night was reported Sunday to Granite City police by Joseph Degonia, 2556 Iowa street.

2 GC Stores Report 'Bad Checks' To Police

Police were summoned to two stores Friday on reports of "bad checks."

The officers reported that a $20 check had been cashed at the Scott E. Thompson Jewelry store, and two— $7 and $5 —at the Leader Department store, all returned, marked "insufficient funds."

Police said the man passing the checks, all for less than $20, apparently has left town.

9% Increase In Marriage Licenses Issued Here In '60

Not surprisingly, June was the "orange blossom" vintage month of 1960 with December coming in a very close second in the number of marriage licenses issued by Granite City Clerk Albert L. "Al" Stevens.

During the past year, the veteran clerk issued 248 marriage licenses, a figure 9% above that of the previous year. In 1959 the clerk issued 222 licenses.

Figures cover only those issued from the Granite City office of the clerk.

Madison County Clerk Miss Eulalia Hotz today had not completed compilation of total county licenses to wed.

June led off with 30 licenses issued locally during 1960, but December was but one laggard with 29. The month-by-month break-down of local marriage licenses follows:

January, 16; February, 23; March, 16; April, 13; May, 17; June, 30; July, 25; August, 25; September, 18; October, 12; November, 23; December, 29.

Contrary to the rule, in 1959 June did not excell in the number of licenses. Leader was August, with 26 as against June's 22.

Logan PTA Holds January Meeting

The January meeting of the Logan PTA was opened Thursday with presentation of the American flag by Den Four of Cub Pack Three, led by Mrs. Georgia Woodford. Wilburt Jensen of the Home Service of East St. Louis spoke before the business meeting on "What Makes a Good Home," followed with a question-and-answer period.

Reports were heard from different committees. Mrs. Floyd Clay and Mrs. Mary Ann Tieman tied for the attendance banner.

Refreshments were served by Mrs. Gladys Papes' and Miss Reba Jo Gunter's rooms.

Spengler Oil Moves Up In Classic Loop

Spengler Oil climbed back into second place in the Classic Basketball league Thursday night by beating the Teachers 82-46 prior to Modern Exterminators' 84-76 win over Friedman's but the Exterminators remained 2½ games ahead of their closest contenders.

The unbeaten Modern crew rolled to a 51-40 halftime lead over Friedman's, but had the lead chopped to four points in the third quarter before opening up a safe margin late in the game.

Bob Dubinick scored 21 points, Bob Page 20, Dave Hrysko 18 and Don Lybarger 14, all for the Exterminators. Charles Johannigmeier had 21 for Friedman's, and was followed by teammate Clarence Hand with 19 and Don Williams with 16.

Spengler Oil had only a four-point halftime lead over the Teachers, but outscored the last-place club by 12 points over the final two periods.

The Teachers' Carroll Sanders was the game's top scorer with 18. Andy Reznack had 15 for Spengler Oil and Art Borchers 14, and Ron Dillard hit 10 for the Teachers. Both games were played at the Coolidge JHS gym.

Paddlers Club's Annual Meeting Thursday Night

The board of directors of the Paddlers swimming pool group met Thursday evening in the home of Paul Morris, 1 Terrace lane, to complete plans for the annual meeting to be held on Thursday, Jan. 26, at 7:30 p.m. in the Elks club.

Francis McBride conducted the meeting and reminded all officers that final reports will be given at the meeting, an election of nine new board members is to be held, and a proposed change in the by-laws will be voted upon.

Morris, chairman of operations, presented a visual report on the water reclamation system installed this year. The report will be presented at the meeting to acquaint the members about the project and explain its function.

Other members attending were Lewis E. Sabin, Miss Dolores Bourisaw, Mrs. Donna Hogan, Mrs. Eunice Hagler, Mrs. Minnie Sigite, Homer Johnson, Richard Pittenger, Ralph Schmid, William Russell, Horace Calvo, Mrs. Jewel Baehr and Mrs. Vyvyne Durbin.

Warriors Chilled By Hot-Shooting Collinsville

Kahoks Hit 50% In 75-61 SWC Victory

Collinsville has allowed opponents an average of just 55 points a game this season. On Friday night, Granite City hit above that average for the second time in two games, outrebounded their hosts and hit 80% from the free throw line.

But it was of little consolation to Coach Andy Sullivan and his Warriors, who became the 15th straight victims of the state's No. 1 ranked prep basketball team losing in Collinsville 75-61.

The Kahoks definitely did not take their cues from the near-zero outside temperature, blistering the nets with 30 of the 50 shots they attempted from the floor for a fabulous 60%.

"It's hard to beat a ballclub when they shoot like that against you," said Sullivan, "although I wasn't dissatisfied at all with the way we played. The thing that hurt us most was the first three minutes of the game. We couldn't get organized."

Collinsville ran to a 22-12 lead in the first eight minutes, but Granite City surged back, hitting nine of 11 shots to prevent the Kahoks from upping their margin.

Starters Are Finishers

The Redmen might have been called the "Ironmen" Friday night. Sullivan used his five starters all the way, and Collinsville Mentor Vergil Fletcher employed just one substitution in the Southwestern conference game.

GCHS Forward Frank Knight, probably one of the most underrated players in this area, who has turned in some outstanding efforts previously against Collinsville, was a standout on the floor in the locals' losing effort.

He pulled down 18 rebounds to lead everybody in that department, and was the game's high scorer with 21 points despite being somewhat manhandled by the Kahok defense.

Knight missed one free throw and the Warriors as a team hit 17 of 19. Collinsville scored from the line 15 times in 21 attempts.

Zone Defenses Scrapped

Sullivan experimented with two different zone defenses in the first half in an effort to unsettle Collinsville's balanced scoring attack, but neither was successful and Warriors switched back into their sagging man-to-man in the second half.

In the final 16 minutes they were outscored by just three points. "We kept creeping as close as seven points .... then nine .... then seven again," Sullivan said.

But the Kahoks spurted late in the game from a 60-53 lead to their final 15-point victory margin, two points less than their advantage in an earlier game played in Granite City.

Both clubs pressed intermittently, but Granite City's press appeared more effective. "It bothered them a little," said Sullivan. "We made three bad passes against their press; they made a few more mistakes against ours."

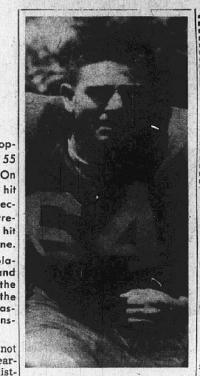

In the final accounting, however, it was the Kahoks' ability to put the basketball through the hoop which told the story. "Boy, they shot well," said the GCHS coach. "Not many teams are going to beat you when you hit 60%."

Kahoks 7-0 In SWC

Collinsville's record in the conference is an unblemished 7-0, and gives the Kahoks a one-game lead over second-place Belleville. The Maroons have lost one of seven SWC contests. Granite City is 2-4 in the loop and in fourth place.

Only one other conference game was played over the weekend. On Thursday night, Alton handed East St. Louis its seventh SWC loss, 56-43.

Friday's varsity scoring: Granite City — Frank Knight 21, Jim Simpson 13, Harry Thurau 12, Grant Tahmajian 10, John Grohoski 5. Collinsville — Fred Riddle 19, Bogie Redmon 17, Bob Basola 13, Bob Simpson 12, Bob Meadows 8, Ron Mottin 6.

KEN GRAY, offensive guard with the St. Louis football Cardinals, who, together with his family, has become a resident of Granite City. The 24-year-old Gray will serve as promotional manager of the Big Top Bowl here.

Cards' Ken Gray, Family, Are New Local Residents

The population of Granite City increased by four last week when Ken Gray, offensive guard for the St. Louis football Cardinals, and his family took up residence here.

Gray has been named promotional manager of the Big Top Bowl, 3701 Nameoki road, a position he will hold during the off season. He is a regular offensive guard with the Cardinals.

The 250-pounder and his family, including his wife, Shirley, daughter, Sherry, aged seven, and son, Boyd, four years old, will reside on Willow avenue. They came here from Brownwood, Tex., Gray's home town.

He and George Izo of Notre Dame, Cardinal quarterback, will make a promotional appearance at Big Top Bowl Tuesday from 7 to 10 p.m.

Backliners Score 46 Points, Trojans Trim Tigers 85-68 For 6th Straight Victory

"Well, we had another good second half," said Madison Coach Earl McClanahan as he scanned statistics following the Trojans' surprisingly lopsided 85-68 victory over Edwardsville Friday night.

McClanahan was being his characteristically conservative self, but did call the Trojans' performance "our best of the year." Madison held a one-point lead at halftime against the Southwestern conference member.

But as they have done since starting a streak in which now stretches six games in length, the Hubtowners seemed to warm to the running style of play favored by McClanahan in scoring 48 points in the second half, 16 more than Ron Harris' cagers could manage.

"I thought we got particularly good balance in the game," observed McClanahan. "Edwardsville was sagging back and clogging up the middle, and we had to take a lot of shots from outside."

And a lot of those outside shots fell through. Between them, regular guards Dan Hrysko and Ken Griggs pumped through 46 points as each registered nine goals from the field. Hrysko was the game's top pointmaker with 25, and Griggs played "a good floor game," McClanahan said, in addition to counting 21 points.

The Trojans got off to a slow start, which has become typical, trailing by as many as six points in the first quarter.

But McClanahan rolled out the full-court press, and again it was Hrysko and Griggs stealing the ball from the Tigers out front on three occasions to put the Big Green back in contention.

The stalemate continued throughout the first half, with the lead changing hands 11 times before Madison got possession with 40 seconds left in the second period.

The club worked for one good shot. Hrysko got it, hit it, and Madison took a 39-38 lead off the floor at halftime. They never lost it.

Madison rimmed 24 points in the third period, its best of the game, although Hrysko, Don Freeman and Chuck Venarsky were playing cautiously. Each had picked up his fourth personal much too early to suit McClanahan.

Freeman sat out almost one full quarter, getting back on the court with four minutes left in the contest.

Despite the productive third period, Madison took only a seven-point lead into the final eight minutes. But Edwardsville went cold and scored only 12 points while Madison was adding 22, making the final point total the Trojans' largest of the season.

Fast Break Clicks

Good second-half shooting helped Madison post a .548 field goal mark for the evening with 33 in 59 tries. More than a few of the buckets came off the fast break, started by either Ed Walker or Freeman, who established rebound control early.

Walker pulled off 13 to lead in that department while Freeman had nine. "As long as we kept moving we did all right," the coach said. "It was when we let them (Edwardsville) go down and get set up on defense that we got into trouble."

The Trojans' sixth straight victory boosted the team's record to 10-3 for the season. Edwardsville, which had a six-game streak going earlier in the season, dropped to .500 at 7-7.

The Tigers did hit well from the floor, though, canning 24 of 57 shots for .421, and they outscored Madison by one point at the free throw line. McClanahan used only one substitute in the game, and he was removed after sustaining a minor injury. Mick Graville twisted his ankle, but the injury is not expected to keep him sidelined when the Trojans play at Dupo tomorrow night.

The varsity scoring: Madison — Dan Hrysko 25, Ken Griggs 21, Don Freeman 18, Ed Walker 13, Chuck Venarsky 9, Mick Graville 1; Edwardsville — Ken Connors 20, Mickey Mateyka 17, Len Drda 12, Tony Penelton 10, Otis Vaughn 4, Byron Schumacher 3, Darrell Schaake 2.

Venice-Bunker Hill Game Is Postponed

For the second time this season, a varsity prep basketball game involving Venice and another member of the Madison-Bond-Clinton Counties conference team was postponed Friday night because of weather conditions.

The Venice-Bunker Hill game will be rescheduled for a later date, VHS Coach Zahn Wells said.

However, coronation of the Venice high school basketball queen took place as scheduled Saturday night during a homecoming dance at the Venice high school gym. The formal coronation will be held at Venice's next home game, with St. Paul of Highland on Friday night.

Two other MBC games did get into the record books Friday, however. Wesclin edged Aviston 44-38 on the loser's court and host Worden topped Livingston 53-43.

Izo Will Speak At Madison Lions Meeting Thursday

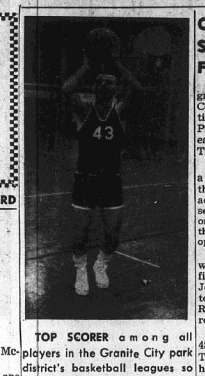

George Izo, former great at the University of Notre Dame and currently quarterback with the St. Louis football Cardinals, will be the guest speaker at Thursday night's meeting of the Madison Lion's club.

Izo also will show films highlighting the 1959 pro football season prior to the Cardinals' franchise move from Chicago to St. Louis.

Members of the Lions club are being asked to bring a guest to the dinner meeting, which begins at 7 p.m. at the Sportsman's club in Madison, but they should notify Joseph Prince in advance. Thursday will be "steak night" at the club meeting.

TOP SCORER among all players in the Granite City park district's basketball leagues so far this winter is Modern Exterminator backliner Dave Hrysko, who has 158 points in seven games.

Hrysko Is Leading Scorer In Park's Basketball Leagues

Dave "Bunny" Hrysko, guard for Modern Exterminators in the Classic Basketball league, continues to lead players in all park district leagues in total points scored, according to statistics released today by Park Recreation Director Harold Brown.

Hrysko, a graduate of Madison high school, has 158 points in seven games played with the unbeaten Exterminators, an average of 22.5 a contest.

A former Venice high school player, Clarence Hand, now playing with Friedman's in the same Classic league, is the runner-up with 123 points. Paul Mosby of Sacred Heart in the Church league holds the No. 3 scoring spot with 121 points.

Harry Neuling of YMCA Teen Town in the Senior Teenage league is fourth among leading scorers with 114 digits.

Tied for fifth place are Charles Johannigmeier of Friedman's, and a Venice high school and St. Louis University player and graduate, Bob Dubinick of the Exterminators, both with 105 points.

Rounding out the players in the five park district leagues who have 100 points or more to their credit is the Exterminators' Bob Page with 103.

Bob Miller of the Teachers in the Classic loop has the best game average—30.6 points—and also has turned in the top single-game scoring effort in the leagues this winter, hitting 34 in one outing against the Exterminators.

Coolidge Cage Teams Sweep Three Games From Prather JHS

The seventh, eighth and ninth grade basketball squads from Coolidge junior high school "victimized" cross-town teams of the Prather junior high school in each of three games played Thursday.

Coolidge's ninth graders scored a 74-59 win over the Chiefs on the losers' court. The Braves, adopting a full-court press in the second quarter after trailing by one point, scored 32 points in the period and broke the game open.

The Braves' leading scorers were Jim Cant with 21, Jim Proffitt 20, Bob Karandjeff 13 and Jerry Nelson 10. Larry Lilley topped Prather with 19, Rick Reutebuch had 15 and Ken Ferro 13.

Prather's eighth graders fell 48-35 on the Coolidge JHS court. The hosts had a 24-14 lead at halftime. Bob Martinez of Prather paced all scorers in the game with 17 points, and Chuck Mizerski had 12 for the winners.

Coolidge's third win was a 40-26 decision in a seventh grade game, played at Coolidge. Larry Ripka led the way with 13 points and Tom Barnett followed with 10.

The Braves will host Wood River on Tuesday afternoon, with the Chiefs at home to Collinsville the same day.

Prather's seventh graders will play Central grade school today at Prather, and the school's seventh and eighth grade squads will be in Madison Thursday. Coolidge's first-year team will travel to Roxana Tuesday afternoon.

Lifesaving, Girls' Swim Classes At 'Y'

There are still openings for candidates for senior lifesaving cards at a course which began yesterday afternoon at the YMCA pool here.

The class, open to all swimmers 16 years of age or over who have knowledge of the three basic swimming strokes, will continue for four more weeks, meeting from 1 to 4 p.m. each Sunday.

Instruction will be furnished by the "Y", and the class is available at no cost to persons holding YMCA membership cards.

A teenage beginners' swimming class for girls also will be offered at the YMCA, beginning Wednesday. A Teen Town membership card is necessary for enrollment in the course. More information on this class may be obtained by calling the YMCA.

Sophomore Game Reset

Granite City's sophomore cage squad, scheduled to play Belleville last Thursday, will meet the young Maroons here on Wednesday night instead. A conflict with other school activities forced the postponement, Athletic Director Dick Yates said. Game time Wednesday is 6 p.m.

Vrenick Hits 747, Schlitz Wins Three In SIBPA Kegling

Jim Vrenick, rolling a sparkling 747 series, led Bowland Schlitz to a 3-0 shutout win over Ripley Pins of O'Fallon at the Mascoutah Lanes Saturday night in the SIBPA traveling Classic league.

Vrenick shot games of 243, 235 and 269 as the Granite City entry copped single game honors with 1186 pins and rolled a 3217 three-game total.

The local squad, still in third place, managed to pick up one full game on the leaders as SIBPA keglers enjoyed their best over-all night of the season.

First-place Collinsville Revere Room took two games from Pepsi-Cola of East Alton and second-place Alton Falstaff won 2-1 over Rusty's of Wood River. Carling Stags of Belleville took the odd game from Loman's Bowlers Shop of East St. Louis.

Bowlers turned in three 700-plus series in addition to Vrenick's effort. Ray Orf of Falstaff hit 722, Jake Marti of Falstaff 717 and Sam Catalana of Rusty's 707. The Falstaffs knocked down 3361 pins for the evening's top team effort. Revere's Bob Benyr rolled the high single of 278.

Bowland Schlitz totals: Vrenick 747, Max Legate 676, Nick Lombardi 640, Ray Hoffman 594 and Jim Berry 580. Schlitz now trails second-place Falstaff by four games and Revere Room by 4½.

Lincoln-Red Bud Basketball Game Friday Postponed

A prep basketball contest between Lincoln of Venice and Red Bud, scheduled for Friday night at Red Bud, was postponed indefinitely.

Adverse traveling conditions as a result of a heavy snowfall were responsible. Lincoln, with a 5-5 record after winning its last two outings, is scheduled at Breese next Tuesday night.

Dunbar grade school in Madison also was forced to postpone its contest in Mascoutah Friday night, but that game has been rescheduled for tomorrow evening in Mascoutah.

GC-Belleville Game To Be Televised

Next Friday night's Southwestern conference basketball game at the GCHS gym between Belleville's Maroons and the Warriors will be taped for television, school officials and KPLR-TV of St. Louis have announced.

The game will be re-broadcast at 12:30 p.m. Sunday over Channel 11 as one of the "Game of the Week" series involving greater St. Louis area prep basketball teams.

Roxana JHS Defeats Madison Twice Thursday

Roxana junior high school swept both ends of a basketball doubleheader from Madison JHS at the losers' gym Thursday, winning the seventh grade encounter 30-21, and then coming back for a 37-31 victory in the eighth grade game.

Madison led briefly in the eighth grade contest, but fell behind 23-18 at halftime and never caught up. Hayes Wright led Madison scorers with 11 points and Paul Lusk had eight. Madison plays in Edwardsville tomorrow at 6:30.

Granite City high school's varsity wrestling squad humbled Quincy 41-2 Saturday afternoon on the Blue Devils' mats as Bill "Red" Schmitt's athletes upped their season dual meet record to 10-1.

A Friday night Southwestern conference dual encounter with Belleville here was postponed due to road conditions, and will be rescheduled sometime this week, if at all, Schmitt said.

Taylor Held To Draw

The Warriors won in all weight divisions save one at Quincy. Ernie Taylor, wrestling at 112 pounds, had his string of 25 straight victories in dual meet competition snapped when he was held to a 1-1 draw with the Blue Devils' Gary Dunham.

Saturday's meet also marked the final outing for 133-pounder Dan Brawley, the 1960 district champion, who will graduate at the end of the current semester. Brawley responded by recording one of three Granite City pins in the meet.

With Taylor being held to a draw, no undefeated grapplers remain on the GCHS roster. "Actually, it may be a good thing, psychologically," said Schmitt. "I'd rather see them beaten now — if at all — rather than later on when things really begin to count."

Lamphier Next

The Warriors have five more dual meets scheduled before they host the district tournament on Feb. 10-11, sending winners on to the Wood River sectional on Feb. 18. Next on the schedule is a Thursday evening bout in Springfield with Lamphier.

Saturday's results:

95 — Tom Tindell (GC) decisioned Darrel Ellsworth 10-4, 103 — Larry Reynolds (GC) pinned Dwight Lewellan in 0:42, 112 — Ernie Taylor (GC) and Gary Dunham drew 1-1, 120 — Roger Bloodworth (GC) decisioned Dave Nieman 8-2.

127 — Buddy Feichlin (GC) decisioned Jack Hackworth 10-2, 133 — Dan Brawley (GC) pinned Ron Geske in 1:56, 138 — Sam Fazio (GC) decisioned Kent Sprague 11-2, 145 — Eldon Poole (GC) pinned Don Smith in 1:11.

154 — Bob Cruse (GC) decisioned Dennis Fish 5-3, 165 — Charles Haug (GC) decisioned Ted Shepherd 4-0, 180 — Bob Kary (GC) decisioned Pat Sweeney 9-2, and heavyweight — Bill Ridings (GC) decisioned Dave Happ 7-3.

Junior Cagers In 3-Way Tie For Loop Lead

A three-way tie for first place in the Granite City park Junior Teenage Basketball league developed Saturday afternoon when the previously unbeaten Junior Optimists fell to Community Heights Assembly of God, 39-22.

St. Bartholomew's and the Chiefs, the other teams involved in the deadlock, both recorded easy wins. St. Bartholomew's ran past St. Joseph's 56-13, with everybody on the winners' roster in the scoring column and Louis Miller scoring all of the losers' 13 points.

The Chiefs, meanwhile, scalped Sacred Heart JV 41-23. In other games Saturday, the Indians upended Vesci Service Station 44-20 and the Braves outscored Wolfe Construction Co. 30-24.

Top individual scoring was a 31-point performance by St. Bartholomew's Barry Sykes. Len Revellee paced the Indians with 25 points.

Junior Optimists, St. Bartholomew's and the Chiefs all have 5-1 records, and Community Heights has 4-2.

Blackhawks Remain In First Place

The first - place Blackhawks continued their winning ways in the YMCA Junior Basketball league Saturday, downing the Comets 28-24. The Junior Optimists decisioned the Chiefs 18-6 in other Junior league action.

In the Midget loop, the Warriors edged the Falcons 7-5, while the Vikings won out over the Bombers in an Intermediate league contest, 24-21.

Two Arrested At Tavern

Two patrons at the Junction Tavern, Fourth street and Broadway, were arrested at 9:30 p. m. Friday by Venice police after a disturbance. John J. Kelly jr., 44, University City, Mo., was charged with drunk and disorderly and Miss Mary Johnston, Paris, Tenn., was arrested on the same charge. He was fined $15 and she $10 Saturday.

The first farm bureau was founded at Binghamton, N.Y.

Ice On Horseshoe Lake Has Thin Spots

A warning has been issued for persons to use extreme caution in walking on the ice at Horseshoe Lake.

William Nichols, president of the Horseshoe Lake Landowners Association, said today there are many thin patches of ice on the lake.

The patches are caused by hot water draining from Granite City Steel Co. into the lake, with pockets forming under the ice. Nichols explained.

Most of the patches cannot be detected, which makes the lake dangerous for skating or crossing.

Two hunters fell through the ice yesterday, but escaped injury, he said.

Lilley Scores 23, Prather Tops Roxana

Larry Lilley found the range for 23 points and Ken Ferro followed with 14 Friday in Roxana as Prather junior high school's Chiefs fought to a 54-50 win over the host team.

The Chiefs held a slim 23-22 halftime lead and widened it slightly to improve their record to 4-8 on the season. Ricky Reutebuch added nine to the winners' total. Prather hosts tough Collinsville at 6:30 p. m. Tuesday.

Man Fined In Slashing Case; Other Hearings

Minor Canada, 33, of 1123 Douglas street, Venice, arrested Jan. 13 for assault in the slashing of Joe Ward, of 155 Viola Jones Homes, was fined $25 and $5 costs Saturday morning by Venice Police Magistrate Wesley Edwards. A disorderly conduct charge against Ward, who had received 27 stitches for a cut on the back of the neck, was dismissed.

Lester Peach, 38, of 1317 Oriole street, Venice, was fined $5 and costs each on drunkenness, peace disturbance and carrying a concealed .25-caliber pistol Jan. 18.

Others fined were Norman Kisser, Hazelwood, Mo., $10 and costs on disorderly conduct and $5 and costs on illegal parking Jan. 15; and Clyde Conoway, 29, Arnold, Mo., court costs on destruction of city property.

The United States has approximately 1,500 gas utility and pipeline companies.

Sacred Heart Gets Revenge, 47-22

Sacred Heart parochial school's basketball team gained revenge for its only defeat of the season Friday night, defeating Venice grade school 47-22 on the winners' court. Sacred Heart now has a 17-1 record. Its only loss was to Venice on Nov. 18.

The winners led all the way, scoring 18 points in the first quarter and enjoying a 31-9 lead at halftime. Vince Debevc scored 17 points and Joe Hauptman 13 for the Hearts, and William Getz seven for Venice.

The Sacred Heart junior varsity squeezed out a 28-26 victory in the evening's first game. Cooper had 11 points for Venice to lead all scorers. Jim Holland and Greg Wozniak each hit eight for the winners.

Installation By Daughters Of Union Veterans Here

Officers of Aunt Becky Young Tent 92, Daughters of Union Veterans of the Civil War, were installed Thursday evening in a closed ceremony at the American Legion Hall.

The 1961 list includes Mrs. Beulah Gates, president; Miss Florence Koesterer, senior vice-president; Mrs. Maude Lewis, junior vice-president; Mrs. Lethia Gilchoff, treasurer; Mrs. Arline Fox, chaplain; Mrs. Joyce Powderly, Mrs. Flora Chappee and Mrs. Laura Bishop, council members; Mrs. Grace Bourbon, patriotic instructor and press correspondent; Mrs. Irma Taylor, guide; Mrs. Edna Hoevel, secretary; Mrs. Louise Thompson, Mrs. Violet Kassabaum, Mrs. Jean Barnes and Mrs. Jenny Lee Barney, color bearers; Mrs. Irene Haug, guard; Mrs. Vernice Wortman, assistant guard; Mrs. Maxine Kostoff, historian; and Mrs. Chappee, musician.

Mrs. Irene Haug, past Department of Illinois president and a past president of Tent 92, opened the meeting and the officers were installed by Mrs. Irma Taylor, Department of Illinois senior vice-president and also a past president of the local tent.

She was assisted by Mrs. Edna Hoevel, Department inspector and president of District Eight, installing guide, and four out-of-town officers, Mrs. Ella Vorwald, Mrs. Ruth Waters, Mrs. Alma Ryan and Mrs. Hulda Rethmeir, of Edwardsville.

All District Eight officers were introduced and Mrs. Gates presented each of the officers and installing officers with gifts. Mrs. Joyce Powderly was presented with her past president's badge by Mrs. Taylor, and she in turn had gifts for all of her 1960 officers. The tent and Past Presidents Club also had gifts for their retiring presidents.

The hall was decorated with greenery, and the stations were decorated with red, white and blue ribbons.

The ceremony closed after the pledge of allegiance to the flag, led by Mrs. Bourbon, and refreshments were served. Presiding at the table were Mrs. Thompson, Miss Costoff and Mrs. Lewis.

The centerpiece was formed of red and white carnations, and light was furnished by candles in silver candelabra.

The next social meeting of the tent will be held at the home of Mrs. Lewis, 509 Washington avenue, Venice, and the regular meeting at the Legion home Feb. 16.

WILL TAKE PART IN DRAMATICS PRESENTATION

Lee Addresses Wilson PTA On Reading Program

Highlights of the Wilson school Parent - Teacher Association meeting Thursday evening in the all-purpose room at the school was a talk on remedial reading by Earl Lee, who is administrative assistant to Supt. Harold M. Kaiser.

The meeting was opened with a flag presentation, by Brownie Troop Two. Mrs. Betty Wallace and Mrs. Julie Barnes were in charge. The presentation of colors was by Terry Alexander, Patty Barnes, Terry Foster, Bonnie Ivie, Beverly Hines, Brenda Mezo, Jo Lynn Sherman, Linda Spangler, Dorothy Therrion, Sylvia Turner and Patty Viezer. The troop also led the pledge of allegiance. Mrs. Roxie Tolbert and Mrs. Doris Votaw gave reports. A short business session was conducted by the president, William Cedor, who announced that the school colors will be blue and yellow.

An annual appreciation dinner, given by the P.T.A. council, will be held in February at the high school, and the unit voted to send Cedor and his wife.

A discussion was held on the new membership drive, which was explained in detail. A new typewriter, purchased for the school was displayed along with some of the finished work.

Principal Ted Vrenick introduced Lee, who spoke on remedial reading and other school functions.

Remedial reading instruction is designed to help children who are not up to the acquired reading level he explained. It is a program for those average or better than average in intelligence.

Each child has four full periods a week with a special teacher, with the fifth period for special tests or a parent-teacher conference, it was explained.

Extent of the program should taper off in a few years, but will do more good each year, he said. He also explained that the responsibility of the school board and administration is to provide buildings, qualified teachers and education materials for the children's use. Teachers' responsibility is to give children the proper guidance and never give up hope or lose patience with a child.

The parents' responsibility is to be active in the PTA, provide a response to children's physical examinations and supply an incentive for a child to learn. Always be proud of your child, and praise and encourage him to learn," Lee said, recommending the "Parents' Guide To Children's Reading" for reading instructions. Educational experience with points of interest and historical places makes for good education, he added.

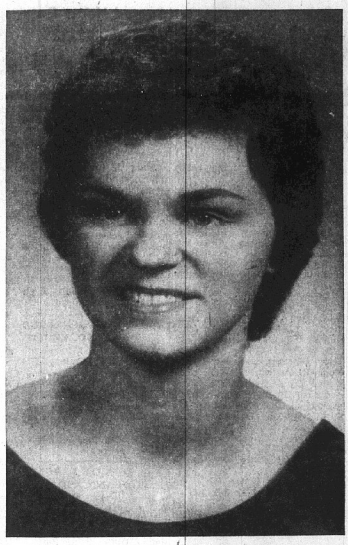

The meeting was adjourned to a social hour, with refreshments served to approximately 100 by Mesdames Martha Bollinger, Adeline Lee, Helen Schwendemann, Betty Cato, Marge Lucas, Jo Ann Roper and Virginia Ahrens.

The attendance banner was awarded to Mrs. Josephine Ramsey's first grade class for the highest percentage of parents present.

Mr. and Mrs. Chris Baechtold, 2517 Cleveland blvd., have returned from Urbana, where they spent several weeks visiting their son-in-law and daughter, Mr. and Mrs. Warren Schuetz and their family.

Miss Salmon, Joseph Dittrich Exchange Vows

Miss Nancy Salmon, daughter of Mr. and Mrs. William Salmon, 2000 Fifth stret, became the bride of Joseph Dittrich, son of Mr. and Mrs. Joseph Dittrich, 1423 Iowa street, Saturday.

The afternoon rites were performed at two o'clock at St. Joseph's Catholic Church, 21st and State streets, with Rev. Charles P. Mulcrone officiating at the double-ring ceremony.

The wedding music was played by Mrs. Cleta Judd.

The bride was given in marriage by her father. She was attired in a white wool sheath street dress with white accessories. Her corsage was made up of white orchids.

Miss Jeanette Dittrich, sister of the groom, served as maid of honor while John Salmon, brother of the bride, was best man.

The maid of honor was attired in a yellow wool sheath dress with all yellow accessories.

For her daughter's wedding, Mrs. Salmon chose a green and white matt jersey sheath dress, using all black accessories. The groom's mother, Mrs. Dittrich, wore a blue gray silk dress complemented with black accessories. Both mothers wore corsages of white carnations.

The young couple will be at home to their friends at 2964 Oregon avenue.

The bride is a graduate of Madison high school and is now employed at the Army Engineer Depot. The groom is a graduate of Granite City high school and is an employee of the Hunter Packing Co., East St. Louis.

MOTHERS' MARCH CHAIRMEN, who will head volunteer groups making the house-to-house canvass for the "New March of Dimes" drive Jan. 31, are left to right, Mrs. George Moran, Granite City; Mrs. Louis Reilly, Madison, and Mrs. Mickey Loftus, Mitchell.

MEET WEDNESDAY TO PLAN ANNUAL DANCE

A meeting of the Venice Crippled Children's Organization will be held Wednesday at 7:30 p.m. at the city hall to make final plans for the 23rd annual ball, to be held at the Venice-Madison American Legion Home on Saturday with dancing from 9 p.m. to 1 a.m.

Efforts are being made to make this the largest dance the group has ever held. The organization spent a total of $1395 on Venice youths for medical expenses, corrective shoes and therapy treatments in the year 1960. The group automatically pays for x-rays, casts or corrective shoes for youngsters needing them. The organization also makes annual contributions to the Shriners Hospital for Crippled Children and the Madison County polio foundation.

Credit Union Retains Officers For 1961

Officers for 1961 of the ASF Credit Union will continue to be Lloyd McClelland, president, Matthew Papes, first vice-president, Moses W. Austin, treasurer, and Frank Szedlar, secretary, it was announced late last week. William Szedlar will fill a vacancy as second vice-president.

Mrs. Margaret Hermes has been retained as assistant treasurer. Wallace W. Schmidt has been appointed to the supervisory committee, succeeding Willard Portell. Holdover members of the committee are Zane Miller and Winston C. Rumfelt. The credit union serves employees of the American Steel Foundries.

Mother's March Chairmen To Outline Final Plans

Final plans for the Quad-Cities "New March of Dimes" Mothers' March will be made when chairmen meet with campaign director Mrs. Roberta Lambert at 7:30 this evening at the YMCA.

The march, an extensive house-to-house fund-raising canvass which will climax the month-long drive, will be held Jan. 31 in Granite City, Madison and Mitchell.

Chairmen are Mrs. George Moran, Granite City; Mrs. Louis Riley, Madison, and Mrs. Mickey Loftus, Mitchell.

Supplies to be used by the volunteers will be distributed to the chairmen and Mrs. Lambert will outline preceedures.

A film also will be shown, and a woman whose daughter has undergone two major polio operations will speak on the aid given the stricken child by March of Dimes funds.

Money collected in the Quad-Cities area will go to the county chapter which in turn sends 25% to the national foundation to finance research to prevent crippling diseases—arthritis, polio and birth defects.

The county will send 37½% of the funds to the national group for use in aiding counties and communities whose cases are so numerous that they cannot meet the costs.

Madison county will keep the remaining 37½% for use in local patient care.

To date, less than $1000 has been netted by the local drive, but the figure represents normal collections at this stage, Mrs. Lambert said.

Mrs. Lambert believes last year's $9300 mark will be surpassed, and said the bulk of the money will come in during the last week in January.

She said the money will be from three sources—coin containers, school cards and the Mothers' March.

More than 15,000 school cards have been distributed in schools in the area and about 450 containers have been placed in business places in these communities. A special polio dance was held recently in Venice.

Two Hit-Run Traffic Crashes On Saturday

Accidents occurring Saturday in Granite City, accelerated by icy streets, included two hit-and-run collisions, police reported.

Front end damage resulted from a collision at 11:22 a. m. Saturday on the Bellemore Village shopping center parking lot between the eastbound auto of Gene A. Moore, 31, of 2800 Saratoga avenue and the northbound car of James S. Blake, 23, of 2100 Wilson avenue.

Unable to stop due to ice at 21st and Monroe streets at 5:32 p. m. Saturday, the northbound car of Wayne Bryant, 25, of 1275 Klein street, Venice, sustained right front fender damage in a collision with the left front fender of the auto of Paul D. Stairs, 28, of 5137 Lakeview drive, police were informed. The Stairs car was towed to a garage.

Gene J. DeRuntz, 34, of 1816 Primrose avenue, identified through a license number, was arrested for driving under the influence of alcohol and leaving the scene of an accident at 6:40 p. m. Saturday in front of 2601 Madison avenue.

Police alleged that the front of his northbound car hit the front of the southbound auto of Jeddie E. Mahon, 58, of 2540 Center street on Mahon's side of the street. DeRuntz was released at 10:27 a. m. Sunday on $300 property bond to appear later for a hearing. Both cars were towed to a garage.

A northbound hit-and-run car damaged the left rear of the parked auto of Albert Paul, 21, of 2100 Missouri avenue in front of 2029 Russell street at 9:40 p. m. Saturday.

Market Street Mishap

A collision at Market street and Washington avenue, Madison, at 9 p. m. Saturday damaged the left rear of the northbound car of Victor Strubberg, 24, of 104 Grenzer Homes. There was no damage to the eastbound auto of Robert Finke, 18, of 1801 Market street.

State Workshops On Counseling, Testing

Granite City high school will be one of the locations for guidance workshops to be conducted this spring under auspices of the Illinois department of public instruction.

State Supt George T. Wilkins has announced that one series will be designed primarily for teachers and guidance counselors with a minimum of training and experience in the field. It will deal with the administration, scoring, interpretation and utilization of data derived from the tests most commonly used in Illinois school systems.

Included will be all tests supplied to schools by the state superintendent's office. Sessions will begin in the first week of February at Granite City, Carbondale, Harrisburg, Danville, Decatur, Moline, DeKalb, Effingham Carlyle, Streator, Macomb, Mount Carroll and Pittsfield.

The local course will begin Monday, Feb. 6, at GCHS, with Dr. H. H. Smith of Southern Illinois University as instructor.

Advanced Training

A second series, intended for those with some background in basic techniques and theories of testing, will deal with more advanced phases of the school testing program. Included will be the determination of norms, curves of distribution, test selection and diagnostic testing.

Advanced sessions also will start in the first week of February, including Wednesday, Feb. 1, at Alton high school, where Dr. Lawrence Taliana of SIU will serve as instructor. Other locations will be Aurora, Kankakee, Waukegan, Proviso of Maywood, Rockford, Richwoods of East Peoria, Champaign and Springfield.

The workshops will meet for two hours, one night a week, for eight weeks. Registration will be conducted at the first meetings, and all initial meetings will begin at 7 p.m.

Certificates will be awarded to all in regular attendance. Non-public schools also are invited to send representatives, Wilkins said.

Parking Arrest

Clarence Faulkner, 25, of 2500 Denver street, was arrested Thursday evening by Granite City police who charged him with parking a motor vehicle on the wrong side of the street at Rock road and Denver street. He posted $7 cash bail.

GC Woman Awarded $19,000 In Suit

Mrs. Zella McCleary, 76, of 3703 Kirkpatrick Homes, was awarded $19,000 in an out of court settlement Thursday afternoon at Alton of a $30,000 personal injury suit against Tel-Rad Television Service, 2011 Delmar avenue.

Mrs. McCleary sought the judgment in compensation for injuries incurred in a fall on stairs leading to the television firm's basement shop location as she entered as a business patron on Sept. 20.

She had been a hospital patient for 22 days as a result of the fall.

The case went to trial Wednesday in Alton city court, but a verdict had not been returned when the jury recessed.

Attorneys representing Mrs. McCleary and Myron Converse and his wife, doing business as owners of the TV firm, reached an agreement before a new trial date was to have been set.

Two Charges Filed

Charges of speeding and operating a motor vehicle without state license plates were placed against Harry H. Smith, 46, of 2839 Victory drive, who was arrested Thursday evening by Granite City police. He posted his driver's license as bond.

Pleads Innocent To DWI Charge

A hearing is scheduled for Jan. 31 for Earl P. Hays, 45, of 3148 Jill avenue, who pleaded innocent Friday morning before Police Magistrate Gasparovic to a police charge of driving while under the influence of liquor.

Held in abeyance until Jan. 31 were fines on two other charges to which he pleaded guilty. They were speeding and failing to observe a flashing red traffic signal at Niedringhaus and Madison avenue. Police said he was arrested at 27th street and Madison avenue. Hays was released on $250 property bond.

Plan To Reopen Main Street To Cars By Feb. 1

A Feb. 1 deadline was suggested at Friday night's Venice city council meeting on reopening of South Main street as a through street.

The street has been blocked while watchmen were transferred from the Main street railroad crossing to Kerr street during traffic re-routing made necessary by McKinley Bridge, Main street and Broadway resurfacing.

Mayor John E. Lee asked City Clerk William Ebersoldt to notify the Gulf, Mobile and Ohio Railroad that the city feels the street barricades should be removed and watchmen restored by the end of this month.

Ebersoldt had reported receiving a letter stating that the GM&O was acting on the city's request, and Dr. Lee suggested that a time limit be set.

Winter Work Ending

G. J. Gustafson, engineer on the staff of Hardesty & Hanover, consulting engineering firm for the city-owned bridge, was present and reported that final planking work should be completed by the Whiting-Turner Contracting Co. of Baltimore by the end of this week or early next week.

After that, renovation work will be halted until warmer weather returns this spring, he explained.

Fourth Ward Alderman William Griggs reported being an hour late for work Thursday due to a traffic delay on the bridge occasioned by icing conditions.

A discussion brought out that a large tractor-trailer truck loaded with steel failed to maintain its momentum while going up the Venice approach to the bridge and slipped backward blocking traffic and endangering other vehicles until it was chained to a pole on the approach. Traffic backed up on Main street, Broadway and intersecting streets, making it difficult for cinder trucks and a tow truck to reach the area.

Accept Broadway Work

The council transferred $3368 from the working cash fund to the Broadway improvement fund to aid in making an eighth and final payment of $8004 to the General Contracting Co.

A letter from Engineer Edward N. Juneau of the Sheppard, Morgan and Schwaab engineering firm informed the city that resurfacing and improvements of Broadway has been completed satisfactorily.

The $8004 increases payments to the General firm to $149,001, and constitutes acceptance of the work.

Also paid from the Broadway improvement fund Friday night were $1428 to the Sheppard company on plan preparation, line stakes and supervision, and $329 to the same firm for inspection work during June, July, August and October 1960.

Bridge Improvement Bills

McKinley Bridge improvement fund payments authorized were $1436 to Hardesty and Hanover of New York for engineering services, increasing the total to $89,216; $48,877 to Whiting-Turner Construction Co. of Baltimore, raising its payments to $503,802; $875 to Mercantile Trust Co. of St. Louis as bridge sub-fiscal agent for the quarter ending Dec. 31; and $194 to the Pittsburgh Testing Laboratory for tests.

The council was notified by Hilmar Lax, St. Louis attorney, that Laura Howard, St. Louis, intends to sue the city for injuries suffered July 21, 1960, when her 1956 auto left the McKinley Bridge, crossed North Ninth street and fell into a Mark Twain Expressway excavation, dragging her with it. She was treated at the City Hospital, St. Anthony's Hospital and a doctor's office in St. Louis.

The letter alleges that a toll collector, Vernon Brown, pushed the car from the bridge toll station area. Bridge Manager Henry McMullen told the council that the car had stalled. The woman was outside the auto and apparently failed to let go of it or halt it in time.

City Attorney Harry E. Hartman said he is sending a copy of the notice to the Alexander and Alexander law firm.

Dr. Kaiser To Speak Before PTA Council

The future of Granite City schools will be the subject of remarks to be delivered by Granite City Supt. of Schools Dr. Harold M. Kaiser during a meeting of the area council of PTA's Wednesday at 7:30 p.m. in the Niedringhaus school cafeteria.

An informal program on methods of achieving good budgets and programs for local PTA's also is planned by program chairman Mrs. Doris Buer.

Tickets for an appreciation dinner to be held Feb. 18 at the Granite City high school cafeteria are currently available from individual school PTA groups, or may be obtained at Wednesday's meeting.

Purpose of the appreciation dinner will be the awarding of a life membership to an outstanding member. Nominations for the award are to be sent to George Moore no later than Jan. 26. The area council is sponsoring the dinner and award.

Some folks are willing to forgive and forget if the price is right.

Jaycees Donate Books To Library, High School

The Granite City Junior Chamber of Commerce has donated two books entitled "Young Men Can Change The World," to the Granite City public library and the Granite City high school library.

The book tells of Jaycee aims and activities and methods in which it aids in improving the community.

5 Local Men To Be Drafted Thursday

Five Quad-City area youths are to report Thursday morning to the county selective service office at Edwardsville for armed forces induction, and another 10 youths are to report the same day for pre-induction physical examinations.

February quotas for the Quad-Cities are three men to be inducted on Feb. 14 and six men to report for pre-draft physicals on Feb. 20.

Auto, Truck Collide

Moises V. Fernandez, 50, East St. Louis, was arrested for having no driver's license after a 1 a. m. Sunday collision. The left front of his southbound car was damaged as he attempted a left turn off Madison avenue onto 14th street, and the other vehicle was a southbound tractor-trailer operated by Robert Edie, 33, Indianapolis, Madison police said.

IT PAYS TO ADVERTISE

Ministerial Group To Install Officers

The annual dinner and installation of officers of the Tri-Cities Ministerial Association will be held at 6:30 o'clock this evening at Central Christian Church, 2020 Johnson road. The retiring president of the organization, Rev. James Craddock, will be host pastor.

Reservations have been received for 38, including the ministers and their wives from the area. The actual service of installation will be held in the chapel of the church directly after the dinner.

The 1961 officers are Rev. Paul Evans, president; Rev. Robert Beaty, vice-president; Rev. B. L. Bryan, secretary; and Rev. J. T. Bryant, treasurer. The evening will close with an informal time of fellowship and recreation in the fellowship hall.

It may be true that one good turn deserves another, but don't expect it to boomerang.

Special Prayer Given For New President

A special prayer was said yesterday in the Holy Trinity Bulgarian Eastern Orthodox Church for President of the United States John F. Kennedy.

Following the Divine Liturgy, Rev. Kiril Antonoff asked for the congregation to stand for the short prayer in which he asked that health, length of life and wisdom be given the President and his Cabinet and that they lead the country in peace and prosperity.

NEIGHBORHOOD SCOUT LEADERS MEET

A meeting of leaders of Neighborhood Three, Girl Scouts, was held Thursday evening at Niedringhaus School.

A feature of the meeting was a roundtable discussion led by Mrs. Helen Santagato, neighborhood chairman.

Topics discussed were the first meeting of the new association-type council and election of officers at the Madison recreation center Feb. 13; an international pot luck dinner in March; and window displays for Girl Scout Week March 12-18.

As several Brownie troops are to enter the International Girl Scouts in the spring, an instructive fly-up ceremony was enacted, with the following leaders participating: Delores Mount, Jo Ross, Betty Welch, Armie Barfield, Betty Jo Bartels, Mary Ropac, Eleanor Gallas, Ceil Holman, Henrietta Spengler and Helen Bertacchi.

Those taking part in the flag ceremony were Gen Helbrich and Evelyn Jansen. Refreshments were served after the meeting by the Webster school leaders.

Surprise Shower Given For Miss Lora Mae Coffman

A surprise miscellaneous shower was given Sunday afternoon at Sacred Heart Church hall by Mrs. Virginia Roberts, Mrs. Delores Williams, Mrs. Mary Germonese, Miss Brenda Norwood and Miss Sharon Hamilos honoring Miss Lora Mae Coffman, who will be married Feb. 11 to Michael Lombardi.

Miss Coffman is a daughter of Mr. and Mrs. Floyd Coffman of Dunlap Lake, Edwardsville.

Luncheon was served to approximately 80 guests and prizes in the games were won by Mesdames Violet Posage, Leona Parente, Arline Jones, Rose Geissert, Juanita Vesci, Auretta Santagato, Sophia Worley, Leona Hamilos, Rose Petrillo, Millie Baldasare, Carolyn Barker, Rose DeRienzo and Ann Moelhenry and Misses Dianna Moelhenry and Frances Allesandrelli. Mrs. Berniece Squires was winner of a special award.

The gift table held a musical bridal centerpiece and favors were in keeping with the occasion.

The wedding of Miss Coffman and Mr. Lombardi will take place at St. Boniface Catholic Church in Edwardsville. One of the hostesses, Miss Norwood, a cousin of the bride, will serve as maid of honor.

Two Families At Firm Have Twins In Same Week

Mr. and Mrs. Andrew Hartman, 1222 Grand avenue, are announcing the birth of twin daughters Thursday at St. Elizabeth Hospital, the third set of twins to arrive at the hospital within two days.

The infants, the first children in the family, weighed four pounds, 15 ounces, and five pounds, 13 ounces. They have been named Judith Ann and Janet Lee.

Mrs. Hartman is the former Patricia Blumenstock, a daughter of Mr. and Mrs. Oel Blumenstock, 1687 Market street, Venice. The paternal grandmother is Mrs. Alice Hartman of Iowa street.

The father is employed by the Granite City Ice Cream Co.

Another employee there, John Vasiloff, and Mrs. Vasiloff, 1912 Rhodes street, are parents of twin girls, one of the sets to arrive at the hospital earlier in the week.

Chapter 650, OES, Honors Past Matrons, Patrons

The annual banquet of the Past Matrons and Past Patrons of Granite Chapter 650, Order of Eastern Star, was held Saturday evening at the Masonic Temple.

Fifty members and guests were served a roast beef dinner by the officers of the chapter. The long tables which formed a victory design were decorated with miniature baby 'mums. The centerpiece for the head table was an ingenious arrangement of a tiny snow man with a black top-hat and a snow girl. Place cards in keeping with the occasion also served as score favors at the games.

The retiring president, Mrs. Virginia John, introduced the newly-elected officers and those seated with them at the head table. Mrs. Florence Sphor is the worthy matron of the chapter and John Wood is worthy patron.

Several prizes were awarded in the games and plans were made for the next regular meeting Feb. 6 in the home of Mrs. Mary Ellen Lewis.

SEAFARERS INSTALL NEW OFFICERS

The Seafarers, a couples' club of the First Presbyterian Church, held a monthly dinner meeting Saturday evening at the church. Dinner was served by Mr. and Mrs. William Ledbetter, Mr. and Mrs. Richard Mathews, Mr. and Mrs. Paul Danco, Mr. and Mrs. Luther Biggs and Mr. and Mrs. Duke Lisson.

The hostesses used a timely theme for the decorations, "Income Tax." Money trees were used as centerpieces, income tax forms for place mats and different denominations of play money were made into name tags.

Rev. David Maxton installed Bill Miller as skipper, Paul Danco as vice-president, Mrs. Mary Jane Wade as secretary and Mrs. Lois Pfingsten as treasurer after the dinner. In conjunction with the ceremony, Rev. Maxton gave a devotional using a film, "Reason for Being."

A finance committee for 1961 was selected and includes Richard Mathews, Tom Teague, Wayne Crawford, Walter Pearson, Luther Patton, Bill Miller and Paul Danco.

Miller announced that next month's meeting will be a week early, Feb. 11, and will be combined with the Navigators to hear a guest speaker from India. Serving with the Navigators will be Mr. and Mrs. Roger Wade, Mr. and Mrs. Ronald Christie, Mr. and Mrs. Bill Moss, Mr. and Mrs. Roland Pfingsten and Mr. and Mrs. Harold Hillmer.

Skipper Miller reported that the Seafarers are to act as hosts to the congregation on "family night" March 22.

For the evening's recreational period, the Seafarers went to the Big Top for bowling.

IOTA PSI CHAPTER TO INSTALL NEW OFFICERS

The Iota Psi chapter of the Beta Sigma sorority met Wednesday evening at the home of Mrs. Jo Ann Macios, 2669 Center street, with the president, Miss Barbara Riecken, conducting the meeting.

During the first part of the evening, the sorority convened at Pat's Beauty Shop on Benton street and was given a demonstration by Mrs. Pat Turner on correct techniques of hair styling and hair tinting. Mrs. Turner used Mrs. Joyce Warnhoff as a model and restyled her hair.

Plans were made at the business meeting to install new officers of the Beta Sigma unit of Nu Phi Mu sorority Tuesday evening at a dinner at the Rose Bowl. This is a new chapter, and Mrs. Jo Ann Macios is the advisor.

The sorority completed plans for a bowling party to be held Sunday at Bowland, and husbands of the chapter members will participate.

Mrs. Macios served a late dessert course to Miss Pat Mega, Miss Riecken, Mrs. Nancy Duckworth, Mrs. Pat Winters, Miss Jane Davis, Mrs. Warnhoff, Mrs. Marty Herman, Mrs. Shirley Halbrook, Mrs. Roberta Miller and Mrs. Marilyn Harris. Miss Mega was awarded the evening's prize, and has invited the sorority to meet with her at her home, 2646 Lincoln avenue for the Feb. 1 meeting.

MEETING POSTPONED

A committee meeting of Cub Pack 91, to be held last Friday evening at the cafeteria of Nameoki school, was postponed and will be held this evening at 7:30 at the home of the cubmaster, Willis Spehard, 1616

After the basketball game, hungry teen-agers (and adults, too!) love hearty main dish "snacks." When they descend upon your house, have ready a hearty favorite, sloppy Joe sandwiches. Made with lamb, it takes on a special flavor that is impossible to resist.

Lamb Dishes Grow in Popularity

During the past year St. Louis consumers have chosen lamb for family meals far in excess of past years. Catherine Brent, Home Economist, says the high quality of the lamb which has been coming to our markets is a big factor in this increased consumption. January is the time when a heavy supply of well fed lambs will be marketed. The price of lamb cuts will be very favorable when compared with beef. The economy cuts will be found in the shoulder steaks and roasts as well as the riblets and shanks. Lamb stew for wintry meals is a favorite of many.

Lamb Is Tender

Practically every cut of lamb may be roasted, broiled or pan broiled. To retain its delicate flavor and juiciness, keep in mind that lamb should be cooked at low temperatures regardless of cooking method used. It is advisable to use 300° temperature for roasting. Experience has taught us that searing does not hold in juices. It is better to brown lamb slowly.

Ground lamb is expensive and versatile. Have the meat man freshly grind lamb for you without seasonings added for this inviting main dish snack pictured above.

Lamb Sloppy Joes

Two pounds ground lamb
One cup chopped onions
One cup chopped green peppers
One and one-half teaspoons salt
One-fourth teaspoon pepper
One and one-third cups catsup
Two tablespoons prepared mustard
One cup grated Cheddar cheese (about 4 oz.)
Eight hamburger buns, heated
Parsley sprigs

Turn lamb, onions and green peppers into 10-inch skillet. Cook over medium heat, stirring occasionally, 15 minutes. Drain off excess fat, if any. Add salt, pepper, catchup and mustard; stir. Cook over low heat, stirring occasionally, 10 minutes. Add cheese, stir. Cook, stirring frequently, until cheese melts. Serve over buns. Garnish with parsley, as desired. Makes 8 servings.

GCHS Debaters Win Several Top Ratings

The Granite City debate team racked up 12 victories and six losses at the annual High School Debate Tournament at Southern Illinois University, Carbondale, on Saturday.

Individual laurels were taken by Gary Grammer, who had a superior rating. Casey Fredericks and Bob Butler scored two excellent ratings in the first division.

Carl Johnson and John Miller had excellent ratings in the second division.

Local debaters participating include Casey Fredericks, Robert Butler, Gary Grammer, Richard Kerch, John Miller, Robert Maddox, Thomas Vasilieff, Michael Vasilieff, Larry Talbert, Karen Kaegel, Richard Wiess and Carl Johnson.

The debaters are students of Miss Mary Blackburn, speech instructor.

Divinity

If you've any black walnuts on hand, you'll surely want to make divinity. Black walnuts are a must in divinity, I think, because of its rather bland flavor. The pure white of this candy is very striking lined up with chocolate fudge, for instance, in the gift candy box.

3 cups granulated sugar
½ cup white corn syrup
1 cup cold water
2 egg whites
1 heaping cup of black walnuts (or more)

Combine sugar, syrup and water; mix well and cook without stirring until mixture forms hard ball in cold water—test must come against side of cup when tried in cold water. Remove from heat; beat egg whites until stiff but not dry. Slowly syrup into beaten whites, beating constantly. Just before dropping mixture from teaspoon onto waxed paper or buttered surface, add walnuts and mix thoroughly. Yield: About 5 dozen pieces of divinity.

Auto Skids Into Pole

Wallace C. Helm, 63, and his wife, Fannie, 49, of 2628 Sheridan avenue escaped apparent injury at 12:10 p.m. Friday when their auto skidded on snow and left Route 162 a half-mile east of State Aid Route 35, striking a utility pole, state police reported.

Boys Threatened

Four boys, ages 14 to 16 years, reported to Granit City police about 9:10 o'clock last night that a man driving a blue and white old model car stopped them at Niedringhaus avenue and State street and threatened to hit them with a piece of pipe. There was no explanation as to a reason for the threat. Police searched the area but were unable to locate the car or man.

TELEPHONE SERVICE IMPROVEMENTS FOR THE QUAD-CITIES IN '61

As we move into the second year of the "Soaring Sixties," many of us in the Quad-Cities are busy with new plans for this year. The year ahead is always a new challenge . . . a new opportunity for each of us to do a better job.

Our job at the telephone company is to continue providing you with ever-improving telephone service.

One way of improving your telephone service is to offer you a wider range of things that make telephone service more convenient and enjoyable. Examples are the new Princess phone, color phones, wall phones, and the new Home Interphone now being introduced.

Another way is to expand the communications network, improve its quality, make it more efficient and trouble-free. Here are som of the improvements planned for the Quad-Cities:

GREATER EFFICIENCY

The telephone central office will be expanded by 2,450 additional lines and 2,000 more telephone numbers.

The central office power plant will be revamped and enlarged.

Three major cable construction jobs will provide 5,100 additional talking channels.

Direct distance dialing will be introduced. With this new DDD service our Quad-City subscribers will be able to dial more than 50 million telephones throughout the United States and Canada directly from their own home or offices.

The combined cost of these projects, all to be completed this year, will be about $686,000.00.

In 1961, we'll not only give you better service but we'll do it more efficiently. This is important, because greater efficiency helps fight inflation.

Our ability to achieve greater efficiency—through technical advances in the telephone business, innovations and new methods — helps make it possible for us to give you, at reasonable rates, telephone service that grows better year after year.

WEATHER FORECASTS FROM SATELLITES

How does that old saying go? "Everybody talks about the weather, but nobody does anything about it." Well, with the successful launching of Tiros II, an experimental weather satellite, we may soon be doing something about the weather. At least we will understand it better.

The Tiros II, is equipped with TV to take pictures of cloud formations and transmit them back to earth for use in weather forecasting.

To provide accurate weather data, the satellite must circle the earth at a nearly uniform height at all times. The guidance system, which makes this almost perfect circular orbit possible, was developed by the Bell System.

More than 9,000 solar cells — another Bell System invention — are mounted on the outside of Tiros II to provide power for its instruments.

Who knows? . . . we may be doing quite a bit about the weather in a few years.

Call by number. It's twice as fast.

Alton Presbytery Meeting At Mitchell Tomorrow

The winter meeting of the Alton Presbytery of the Synod of Illinois, comprising Presbyterian churches located in Bond, Calhoun, Clinton, Greene, Jersey, Macoupin, Madison, Montgomery, Monroe and St. Clair counties, will be held tomorrow at the Mitchell Presbyterian Church on Highway 66 at Greenway drive. All Presbyterian churches in this area will be represented.

The occasion is a special honor for the Mitch.ll Church. It was organized in 1921 and this is the first time in the 40 years of its existance that the church has been host to the Presbytery. A committee composed of Elders Charles Norris, Robert Bush and Howard Robertson has made plans to make the occasion a memorable one in the history of the church.

The winter meeting is of special importance as elections are held at that time. A new moderator to succeed John Hubbard of Wood River will be elected, and there also will be commissions named to represent the Presbytery at the General Assembly of the United Presbyterian Churches in Buffalo, N. Y., or May 23, as well as commissioners to represent the Alton Presbytery at the Synod of Illinois meeting at Lake Forest College on June 6.

During the afternoon session when the report of the Ecumenical Missions and Relations Committee is presented for approval, time will be alloted to hear Dr. L. K. Anderson, representative for the North Central area of the Commission on Ecumenical Missions and Relations of the Presbyterian Church.

Dr. Anderson has been a missionary for many years in the French Cameroon in Africa. He served at this post a number of years and was then called as secretary for the areas of South America, India and Africa.

The Presbytery will convene at 9:30 a. m. and at the close of the morning session, the worship and communion services will be conducted by the pastor, Rev. John N. DiGiacomo, with other members of the Presbytery taking part. The service will be at 11 a. m.

PRESBYTERY SPEAKER. Rev. L. K. Anderson DD, who will address the winter meeting of the Alton Presbytery at the Mitchell Presbyterian Church Tuesday, Jan. 24. A commission representative for the North Central Area, Rev. Anderson was appointed missionary of the Presbyterian Church, USA, and assigned to Cameroun, West Africa. Recently he was appointed representative of the Commission on Ecumenical Mission and Relations.

Luncheon will be served at noon by the ladies of the church and the meeting will reconvene and continue until 4:30 p. m. Dr. Anderson will speak at 1:45 p.m.

The Mitchell Church was erected in 1958. The old church building burned in 1956. The present pastor has served the church since 1957.

October City Sales Tax Show Slight Decrease

After setting new records in seven of the first nine months of 1960, city sales tax receipts in the Quad-Cities dropped slightly to $20,749 on October liability, slightly less than the $20,786 recorded for October 1959.

A breakdown of monthly figures during 1960 shows new marks set in January, $19,792; February, $20,069; March, $20,865; May, $23,691; June, $24,996; August, $21,685; and September, $23,285.

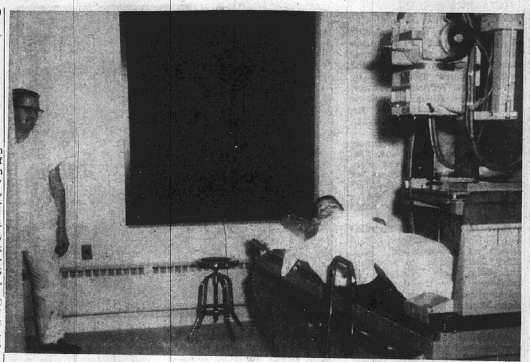

The April 1960 total of $22,040 was slightly under the $22,43[illegible] tabulation for April 1959, and the July 1960 statistics of $21,360 were lower than the July 1959 listing of $25,045.

With the November and December 1960 taxes still not determined, high marks of $20,894 and $24,836 for those months were set in 1959.

October tax liability collections announced by the Illinois Department of Revenue show $16,668 for Granite City, $3184 for Madison and $896 for Venice. The half-cent levy, less 4% state administrative costs, is forwarded to city treasuries from Springfield.

Other cities in the list include Alton $24,435, Belleville $23,579, Chicago $1,926,271, Collinsville $8625 East Alton $4935, East St. Louis $42,035, Edwardsville $7185, Hartford $637 and Wood River, $6645.

The ten-month tally for January-October 1960 stands at $218,537, consisting of $176,829 for Granite City, $31,682 Madison and $9844 Venice. Highest previous Quad-City figures for January-October was $205,584 in 1959.

Three complete x-ray rooms are located in the new annex, and the department's equipment, all new, was valued at about $140,000 by installing technicians, who completed their work this week.

State To Use Unmarked Patrols On Tollways

Traffic enforcement on the Illinois Tollway system will utilize unmarked police cars and radar equipment, it was announced over the weekend by Charles L. Dearing, executive director of the Illinois State Toll Highway Commission, who said radar enforcement of speed restrictions would begin as soon as signs can be erected along the tollway.

Use of unmarked cars and radar is expected to increase the effectiveness of the tollway patrol and reduce the danger inherent in high speed chases. All arrested for speeding violations will be made by troopers in full uniform, whether in marked or unmarked cars.

Public Invitation To Annual UF Meeting

An invitation to all contributors in the successful 1960 Tri-Cities Area United Fund campaign to attend the annual meeting Feb. 2 to elect a board of directors was made today by Thomas A. Sullivan, president of the board.

The meeting will be held at 7:30 p.m. in the YMCA, and the nominating committee will make its report. Members of the committee are Harold F. Karandjeff, chairman; Dr. Felicia Koch, Gilbert M. Sykes, Jesse Rainwater and Ernest E. Veihl jr.

Sullivan pointed out that reports on 1960 UF operations will be presented by the officers and an opportunity will be given for anyone present to express their views.

In a separate letter to all campaign workers, James L. Hamilton jr., chairman of last year's drive, expressed his appreciation for the campaign's success.

"I want to share with you the very good news that the United Fund Campaign held this fall not only exceeded its goal by 2.8%, but is substantially ahead of the total raised a year ago. The total raised as of Dec. 31, is $293,488, more than $8000 over the objective and ahead of last year's revised total by almost $4000.

("This is a fine job, and I want you to know that I sincerely appreciate the assistance you gave and the part you played in its achievement."

School Bus Involved In Crash On Madison Ave.

A school bus and an auto were involved in an accident about 3:35 p.m. Thursday at 22nd street and Madison avenue. None of the children on the bus or occupants of the car were injured.

Police said the Community Coach Co. bus was being operated east off 22nd street to make a left turn onto Madison avenue; while the auto was being driven north on Madison avenue by James R. Chapman, 44, of 5025 Lakeview drive. The bus operator was William L. Kinsey, 64, of 1723 Courtenay blvd.

There was damage to the right front door on the bus and to the left rear fender on the auto.

Optimist Speech Award Goes To Becky Shaw

Becky Shaw captured top honors in the Noonday Optimist Club speech contest Thursday at the Elks Club.

Miss Shaw, a student at Prather junior highschool, was awarded a $25 savings bond for the best speech on "True Meaning of Optimism," a topic used by all contestants which deals with optimism in a literal sense.

Kenneth Ferro, also of Prather, was named second place winner and was given a $10 cash award. Barbara Kovachich, of Coolidge junior high school, was third place winner and received a $5 cash award.

Since girls are not eligible for the Optimist's zone contest, Ferro will represent the Noonday club in the contest to be held in Granite City at a later date.

Selection of the winners was based on organization of speech, delivery of the talk and poise in presenting it.

A three man judging panel made the selection. Judges included Harlan Dobry, Rev. Paul Evans and Ernest Karandjeff, who are not members of the club.

Co-chairmen of the contest were Earl Lee, Edward Stone, and G. H. Sternberg.

Other students participating in the contest include Nona Hobbs, Christiane Pantagis, Doris Sharp, Karen Tegal, all of Prather.

Students were accompanied by Miss Susan Kickham, speech instructor at Prather, and Ralph Frohardt, principal of Coolidge school.

In the business session, six new members were introduced. They were Jack Dempsey, William Robertson, Russell Kasilives, Stanley Young, Eugene Aiassi and Charles Siebold.

Fifty members attended the contest and meeting.

8 Days Remain For Alien Registration

Aliens were given a reminder today that only eight days remain to complete and return registration forms to local post offices.

With few exception, all aliens who were in the United States on Jan. 1, must report their addresses by Jan. 31.

Granite City Postmaster Theodore Overbeck said more than 400 forms have been secured by aliens and that only 150 have been returned. The forms are available at all post offices.

Only exceptions are persons accredited to certain international organizations, accredited diplomats and those admitted as temporary agricultural laborers.

Information required on the report includes date, place of entry and date and place of birth, nationality and alien registration number.

The registration is required under provisions of the Immigration and Nationality Act.

Lions Set 'Sweetheart Dance' For Feb. 25

The annual "Sweetheart Dance" of the Madison Lions Club was set for Feb. 25 at the Sportsman Club. The decision was made during a meeting Thursday night.

More than 200 Lions and guests are expected to attend the affair which will include a buffet dinner, an orchestra and professional entertainment.

Dance Committee Chairman Jerry Zahm said tickets will cost $2 a couple.

Wendell Snowden, of the Falstaff Brewing Co. public relations department, and a member of the Lions Club, told the group that George Izo, St. Louis football Cardinal quarterback, will be on hand to show film highlights of his team in action and will make a speech.

About 27 members attended the meeting, presided over by President Charles Foley.

Areas On Fringe Of State Have Many Special Problems

Just as fringe areas of cities have many inherent problems, areas of Illinois bordering on other states encounter difficulties not found in interior communities.

An illustration is the confusion stemming from the fact that both Illinois and Indiana issued 1961 auto license plates with white letters and numbers on red backgrounds. While a rare coincidence, the situation is viewed dimly by border area law enforcement authorities, who report complications in tracing license numbers and in interviewing hit-and-run accident and robbery witnesses.

A more serious problem for fringe communities is caused by contrasts in taxing procedures of neighboring states. This has been felt particularly in the Quad-Cities, located at the very edge of the boundary line; one result was organized opposition by local residents to city and state earnings taxes levied where they work in Missouri.

With increased state spending planned, it seems possible that the state legislature will either boost the Illinois sales tax again or adopt a set of bills raising corporation franchise taxes, broadening the present sales tax and strengthening tax collection procedures.

Such laws would apply equally throughout the state but inevitably would have their biggest impact near the borders. We hope that the added problems found along the fringes are given adequate consideration when changes are made.

Educators tell us that we can learn from the past, but it can't be done unless you are willng to read.

Democrats Vs. Independents For Most District Offices

Differing with 93 other Illinois counties, Madison county was one of nine that supported the 1960 Democratic presidential ticket. And any remaining doubt that it is a predominately Democratic county has been swept aside by the January filing for district constable and justice of the peace positions. In only one of the five districts, the Edwardsville area, has the Republican party named candidates.

The fact that the pre-election period is occurring simultaneously with moves to amend the district election law may have deterred some from entering the race. At any rate, it will be up to independent candidates to provide the bulk of the opposition.

While there would have been some interest in direct party contests, independent races have been traditional at the local level, where most candidates are personally known by the public and where national party issues have only a limited relationship to the offices to be filled. Also, the district offices are in the judicial field, where politics should not be a primary concern.

With Democrats running under the party heading and some Democrats and some Republicans competing independently, voters of the county will have an opportunity to decide the district contests on individual merit.

Any speaker, or writer, who pleases everybody, says nothing.

Community Welcomes Newest Member Of Industrial Family

Subject to anticipated federal approval, the Quad-Cities soon will welcome the newest member of its industrial family, the 103-year-old Johns-Manville Corporation, purchaser of the local plant and two other facilities of the Celotex Corporation.

The sale assures continued operation of the asphalt roofing mill despite Celotex's decision to concentrate on other product lines.

The new owner's employment and benefit plans augur well for the present staff of the plant. And a direct association between this growing community and Johns-Manville, a large and growing worldwide industrial enterprise, also can prove of value to the Quad-Cities.

Shortage Of Doctors Becoming More Acute

A new government report bears out a condition that steadily is becoming more apparent — the shortage of doctors. Those in private practice have increased 20 % in recent decades while the number of persons to be cared for medically has risen by more than twice that rate. Only about two of every three physicians are in private practice, compared to 86% in 1931.

Today, those in private practice are almost equally divided between general practitioners and specialists; 30 years ago, specialists accounted for only one out of every six doctors. This trend no doubt reflects a necessary transition in approaches and techniques of curing the sick, but it also puts a further squeeze on those in need of a family physician; there are some communities without them and many other areas with fewer general physicians than are needed.

Several ways of reversing the drop in the doctor-population ratio come to mind, including expansion of medical schools, more streamlined courses, and encouragement of qualified individuals to enter the profession. As suggested previously, loans or grants to help finance medical training—with recipients possibly agreeing to serve here for at least five years—would be a worthy individual or joint project for local civic organizations.

Illinois Scene Changing From Rural To Urban

Illinois' changing scene is illustrated by the yearly farm census, which shows that 214,399 acres of farmland were converted to other uses in 1960 and the number of farms dropped by 5564, from 165,493 to 159,929.

There are still over 30,000,000 acres of green pasture and lush, productive farmland within the state. However, the average size farm in 1960 was 190 acres, compared to 185 the previous year and 147 acres two decades ago.

The decline of nearly a quarter-million acres shows the steady growth of urban and suburban areas in this state, as typified by the Quad-Cities' extension into land once tilled, now the site of homes, schools, churches and industries. Agricultural production remains high, though the face of Illinois gradually is changing its complexion from rural to metropolitan.

River Traffic Increases

New Tonnage Record Set In 1960 At Local Locks

Increased river traffic carried record breaking amounts of tonnage through Chain of Rocks Canal Locks 27 in 1960, a report from the St. Louis District Corps of Engineers office showed today.

The annual report revealed 35,048 vessels with 22,942,101 tons of freight broke a record set in 1959 when 34,161 vessels transported 22,142,460 tons of commodities.

The commodities include petroleum products, grain, coal cement, said, gravel, sulphur, chemicals, steel and miscellaneous items.

In additions, more lockages were reported in 1960. A total of 7888 were completed, slightly higher than the 1959 figure. (A lockage is the cycle of operation of raising and lowering the water level to permit traffic to enter or exit.)

The 1960 increase was attributed to addition of port facilities; economic feasibility of shipping via water; ease in handling commodities; and the addition of more diversified freight.

December Totals

For December, a total of 2437 vessels passed through the locks, carrying 1,588,660 tons upstream and downstream. There were 550 lockages, down from last year's December figure of 659.

Of the total freight listed for the month, 1,586,730 tons were freighted by commercial crafts and 1930 by government tows.

Traffic upstream was slightly higher than that proceeding downstream, 869,760 to 716,970 tons.

Breakdown by products is as follows:

Petroleum—up, 411,350; down 187,000; grain—up, 1400; down, 415,020; coal—up, 130,950; down, 200; cement, sand and gravel—up, 2200; down, none; sulphur—up, 45,125; down, none; chemical — up, 61,450; down, 16,200; steel—up, 10,300; down, 44,000; miscellaneous commodities—up, 206,985; down, 54,550.

Commercial boats using the locking facilities during the past month included 588 towboats, 1777 barges, three contractor's boats and three private recreational boats.

Government craft included seven towboats, 53 barges, one construction boat and five U.S. Cruiser-Patrol boats.

$10 Conduct Charge Fine

A fine of $10 and costs was imposed Thursday on Jerry Hutchinson, 18, of 908 Grand avenue, Madison, who pleaded guilty before Police Magistrate Gasparovic to a charge of disorderly conduct. He was arrested about 4:15 a. m. Thursday in a car parked along South street, near the old ice plant. Arrested at the same time was Louise Nolen, 17, of 2828 Denver street, who also was charged with disorderly conduct and released on $16 cash bail.

ATTENDS RETREAT

Rev. B. L. Bryan, 2317 Wilson avenue, pastor of the Good Shepherd Evangelical United Brethren Church in Glenview, returned Thursday after two days spent attending a mid-year ministers' retreat of the Illinois Conference of the Evangelical United Brethren in Bloomington, Ill.

One hundred and forty ministers from 270 EUB congregations were present.

Resource leaders were Dr. J. R. Howe, professor of practical theology at the Evangelical Theological Seminary, Naperville, Ill., and Bishop H. R. Heininger of Minneapolis, Minn., bishop of the northwest area of the EUB churches. They delivered lectures on Biblical preaching and the mission of the church.

Rush To Beat Traffic Light Causing 23rd-Iowa Accidents

Rush to make a green traffic signal on 23rd street at Madison avenue is believed to be the cause of traffic accident at 23rd and Iowa streets.

Results of a traffic survey to find a solution to the hazardous condition are expected this week, it was learned today from Police Chief Raymond Willaredt.

The intersection was a topic of discussion at last week's council session, when Alderman Samuel Whitmer presented an ordinance setting up four-way stops. The installation is to be delayed until the survey is completed.

Police records show 21 traffic accidents at the busy intersection in 12⅓ months. And the accident reports show that most of the accidents are caused by westbound motorists rushing through the 23rd street stop sign at Iowa street to beat a green traffic signal light at the Madison avenue intersection.

Urges Crackdown

Whitmer is urging "a bearing down" in the filing of traffic violation charges against motorists involved in traffic accidents. "Records show that when arrests increase, accident decrease; and when arrests drop, accidents mount.

"Fines assessed by the police magistrate also enter into the picture," the alderman said. "If heavy fines are imposed on careless motorists, the word gets around and the number of accidents in the city should decline. Once they know they'll be arrested and heavily fined, they'll think twice before taking a chance."

The survey is being conducted by traffic experts from the St. Louis office of the American Automobile Association, who also is being asked by the city to study the Niedringhaus and Madison avenues intersection, where the main entrance to St. Elizabeth Hospital has been relocated.

Alderman Donald Partney in requesting the study said the intersection is extremely hazardous for both motorists and pedestrians now that additional traffic serves the hospital entrance. He suggested a no-parking zone might help the situation.

The city also is considering the installation of school stop signs on Victory drive at Marshall avenue, requested by Alderman Casmer Skubish.

Monthly PTA Meeting At Coolidge Tonight

A regular monthly meeting of the Coolidge junior high PTA will be held this evening at 7:30 at the school, with President Charles Jungels conducting the meeting.

215 Crimes In Venice Last Year, 97 Cleared By Arrests

Crimes increased to 215 in Venice during the past year but the portion solved remained above 40%, a yearly report by Police Chief Robert M. Trower disclosed today.

The 1960 tabulation shows 97 of the 215 cleared by arrests, a 45% mark. Statistics for previous years include 1959—75 of 154 for 49%; 1958—64 of 172 for 37%; and 1957—64 of 173 for 37%.

Arrests of all types numbered 1121 in the 12-month period just ended, and fines resulting from the charges topped the $6000 mark, reaching $6008. Totals were 1238 arrests and fines of $5681 during 1959; 1249 and $5409 in 1958; and 1303 and $5405 in 1957.

Homicide, Seven Robberies

One criminal homicide case, a Kerr Island stabbing in May, was recorded in 1960.

Other factors in the 215 total were seven robberies, two cases of aggravated assault, 56 burglaries, 15 grand larcenies, 120 petty larcenies and 14 auto thefts.

The homicide was cleared by arrest, as were three of the seven robberies, both assaults, 32 burglaries, five grand larcenies, 50 petty larcenies and four car thefts, Chief Trower reported.

Five Unfounded Reports

In addition to the 215 actual offenses, five other reports were received but proved to be unfounded, false or baseless. These consisted of one burglary, one grand larceny and three auto theft reports.

During the previous year of 1959, Venice police cleared one murder, three robberies, seven aggravated assaults, 14 of 28 burglaries, five of eight larcenies of over $50, 42 of 95 larcenies of under $50 and three of 12 car thefts.

In 1958 there were a homicide, manslaughter, two rape, eight robbery, three assault, 37 burglary, 12 grand larceny, 85 petty larceny and 23 auto theft reports. For 1957, a breakdown shows one rape, 10 robbery, six assault, 22 burglary, eight grand larceny, 105 petty larceny and 21 car theft reports.

Monthly Breakdown

For 1960, a monthly listing reveals 17 crimes committed and seven cleared in January, 16 and seven in February, 15 and seven in March, 28 and 15 in April, 22 and nine in May, 22 and 10 in June, 21 and nine in July, 21 and 10 in August, six and three in September, 16 and seven in October, 15 and 11 in November and 19 and six in December.

A comparison with the 1959 monthly crime record shows 13 committed and seven solved in January, nine and two in February, 11 and nine in March, 18 and nine in April, six and three in May, 17 and 10 in June, 13 and three in July, 18 and seven in August, eight and three in September, 19 and seven in October, eight and six in November and 14 and nine in December.

While 10 of the 14 auto thefts in 1960 remained unsolved, all but one of the missing vehicles have been recovered and there is still a possibility that it may be found, since it was taken near the end of the year.

Two cars were not recovered in 1957, and three the following year, but all vehicles reported stolen in 1959 were located.

Chief Trower also gave a tabulation of 1121 arrests showing that 615 of them resulted in fines and court costs being charged and 133 in only court costs being assessed.

County Action On 16

In addition, both fines and costs were stayed on seven defendants, 37 cases were dismissed, charges against 50 were withdrawn and 16 were transferred to the grand jury or other county action.

Those released after investigation or with reprimands numbered 95 in the past year.

Thirteen youngsters were referred to the Venice department's juvenile officer, eight on probation to the Venice chief, six to county probation authorities, one to state juvenile authorities, one to the Illinois Youth Commission and three to their parents.

Twenty cases were listed as "waterhauls" — persons unable to pay fines or to work them out — or as individuals ordered to leave town within a specified number of hours.

Serve Out Fines

Thirty-six served out fines by working on the Venice street department or at the city hall, and 21 were taken to the county jail to serve out fines.

Thirty-seven prisoners were released to other police departments, 14 to various county sheriff offices and three to mental hospitals. Two were released after appealing fines to the county court. And three were booked as "hold until sober."

A breakdown of the 1121 arrests listed shows 90 in January, 74 in February, 92 in March, 84 in April, 104 in May, 102 in June, 89 in July, 119 in August, 106 in September, 121 in October, 80 in November and 60 in December.

State Capitol NEWS

Ninety-nine percent of this state's urban population has approved public water supply facilities, according to a report by the Illinois Department of Public Health.

Of the total population of the state, 82.5 per cent are served by public water supplies. Of the 1247 incorporated municipalities (cities, towns or villages) in the state, 922 have approved supplies. During 1960, 14 new supplies were put in towns which had none before.

There are 31 towns ranging from 500-2,000 population with no public water supply facilities.

There is extreme danger in sleeping in trailers where heating equipment with an uncontrolled, continuous fuel supply is used, unless there is fresh air intake and proper venting.

This warning came last week from the Illinois Department of Public Health. Last year at least 16 deaths were attributed to carbon monoxide poisoning in trailers.

Illinois farmers produced 697 million bushels of corn during the 1960 season, an average yield of 68 bushels per acre.

This was only one bushel below the all-time record established in 1958.

This information was contained in the Illinois Annual Crop Summary prepared by the Illinois Cooperative Crop Reporting Service, jointly sponsored by the Illinois Department of Agriculture and the U.S. Department of Agriculture.

Joseph A. Ewing, agricultural statistician, pointed out that the soybean crop in 1960 was the second largest from an acreage standpoint.

Top acreage for soybeans was in 1958 when 5,066,000 acres were under cultivation. The 1960 acreage was 4,973,000.

Soybean harvest amounted to 129 million bushels, with an average per acre yield of 26.0 bushels. Highest average yield was 28.5 bushels in 1956.

Wheat production was estimated at 46.2 million bushels, compared with 43.2 million bushels last season and a 10-year average of 45.7 million bushels. The yield of 29.0 bushels per acre was considerably below the 37.5 bushels established in 1956. Yields were generally good, but rust and smut infestation caused some drops around the state.

Oats yielded an average of 51 bushels per acre in 1960. The record yield was 56 bushels per acre in 1955. The 1.8 million acres of oats harvested in 1960 was the lowest since 1877.

Hay production attained a record high with 2.08 tons per acre. Hay yields were 4,568,000 tons and 2,193,000 acres were under cultivation. Helping to boost this year's record, despite some early cutting losses, was a record yield of 2.50 tons per acre of alfalfa and alfalfa mixtures.

Popcorn attained a high yield for the 10-year period 1949-58 with 55,200,000 pounds gleaned from 24,000 acres.

Illinois produced an estimated $588 million in basic mineral products in 1960, Dr. John C. Frye, chief of the Illinois State Geological Survey, has announced in a year end report.

The year just ended is the 11th consecutive year that production has amounted to more than one-half billion dollars and the sixth consecutive year that production has been near or above the $600 million mark.

The $588 million estimate of production, based on an evaluation of all known production values for the year, indicates only the initial value of the products at the mine plant. The value in transportation, processing and manufacture of these mineral commodities add many millions of dollars more to the state's economy.

Oil was the leading mineral commodity in 1960 with production of 77.8 million barrels valued at $237.5 million, an increase of $3 million over 1959 production.

Information on centennials, fairs, home shows, festivals, summer theatres, regattas and any special event with more than a purely local interest is requested for the 1961 edition of the Calendar of Events, according to the Illinois Departmental Information Service.

The Illinois Departmental Information Service is the state's public information and travel promotion agency.

The increasingly popular booklet, the state says, is designed to assist in planning a vacation itinerary for the hundreds of thousands of visitors who come to Illinois from other states each year.

The booklet is distributed through travel agencies outside the state of Illinois. Copies also are mailed by the state office in response to direct request from non-residents who may be planning a visit to Illinois.

Chambers of Commerce in Illinois will also be furnished copies of the booklet.

The 1961 edition will include schedules of the major league football and baseball clubs and of several university football teams, hunting and fishing information, a guide to the 75 state parks and memorials as well as covered bridges. This is in addition to information on more than 250 community events scheduled from April through December, and the various county fairs held during the season.

Chambers of Commerce, newspapers, clubs and sponsoring organizations of community events are requested to send information on these events to Illinois Departmental Information Service, Room 406, State Capitol, Springfield, to be included in the 1961 Calendar of Events.

Details of Illinois' 1961 Highway Improvement program, involving an expenditure of $255,718,000, were outlined recently.

Of the total, $180,600,000 will be fore projects on the Interstate system and $75,118,000 for improvements on other highways.

Total cost of construction contracts awarded and pending award, amounted to an estimated $227,000,000 for the year 1960. This was about $25,000,000 more than the total announced for the 1960 program, and was made possible by the availability of additional federal-aid funds.

Continued expansion of secondary recovery operations held Illinois oil production firm in 1959 in spite of a decrease in drilling activities, according to the Illinois State Geological Survey.

Illinois in 1959 produced 76,727,000 barrels of oil, a decline of five per cent from the 80,779,000 barrels produced in 1958. The 1959 production, still somewhat above the annual average, maintained the state as the eighth largest oil producer.

Total value, at the wells, of Illinois crude oil was about $230,181,000 at year's end. Total value of oil, gas, natural gasoline and liquefied petroleum gas was $231,681,000.

The wildlife picture in the state should undergo considerable change by 1980, barring major changes in the current trend toward thorough use of Illinois farmlands.

Dr. Paul W. Parmalee, curator of zoology at the Illinois State Museum, sees the removal of hedgerows, clearing of brush and timbered lands, and intensified salvage of bottom lands as a threat to certain Illinois animal populations.

According to Parmalee, the future populations of local wildlife will depend upon land-usage practices. Elimination of "wild" areas will mean the gradual decrease in the numbers of certain birds and animals. Other wildlife, however, will trive in cleared rural areas.

By 1980, for example, badger and woodchuck populations should show an increase. Both animals prefer open areas of grasslands and fields of corn and beans.

2-Car, 5-Car Accidents Occur On State, Benton

William McGee, 16, of 4708 Lake drive was arrested for no driver's license and failing to yield the right-of-way after a crash at 16th and State streets at 12:13 a. m. Sunday. He was released on $27 cash bond until a hearing Saturday.

McGee had been driving east on 16th when the front of his car collided with the left side of the northbound auto of Raymond Sparks, 19, of 3040 Myrtle avenue. The drivers and four passengers escaped injury, but McGee's car was towed to a garage.

Five cars were damaged in the 2500 block of Benton street at 12:25 a. m. Sunday. Three were parked autos and sustained damage to the left sides; their owners were Fred Hacke, 2516 Benton, Dewey Whitworth, 1725 Benton, and Leonard Roberts, 2517 Benton.

Police said Robert Wirth, 16, of 3116 Wayne avenue was driving north on Benton and Raymond C. Barr, 17, of 600 East Chain of Rocks road was heading south when their cars collided. The right front of Wirth's car was thrown against the Hacke car with the left side colliding with the Whitworth vehicle. The Barr machine was knocked against the Roberts car.

The motorists and four passengers were unhurt.

John C. Roark, Former Madison Resident, Dies

John C. Roark, 82, a former resident of Madison, died at 4 a.m. Friday at his home in St. James, Mo., where he had lived for the past seven months. He had been ill for seven months.

Roark, who retired 18 years ago as a switchman for the Terminal Railroad Association, lived in Madison 33 years. He was a veteran of the Spanish-American War.

Surviving are his wife, Mary, four daughters, Mrs. Paul (Ruth) Cracket, Clay City, Ill., Mrs. C. C. (Bertha) Rimmer, University City, Mo., Mrs. Margaret Kimball, St. Louis, and Mrs. Mary Jackson, Troy, Mo.; a son, John K. Roark, Engelwood, Calif.; two sisters, Mrs. Ida Brown, Denver, Colo., and Mrs. Lillian Hartsook, Palo Alto, Calif.; 10 grandchildren and one great-grandchild.

Services were held at a Madison funeral home at 1 p.m. today, with burial at Sunset Hill Cemetery. Arrangements are given in the obituary column.

Banquet Plans Made By Pack Eight Cub Scouts

A monthly meeting of Pack Eight, Cub Scouts, was held Thursday evening at First United Presbyterian Church.

The meeting was called to order by Cubmaster Bill Helton. Den Four, led by Mrs. Cora Miller, den mother, presented the flag and led the pledge of allegiance to the flag. Roll call and inspection of each den was made by the cubmaster, assisted by Thurl Jones and Glen Bartling.

New parents, Mr. and Mrs. John Lesko, were introduced. Their son, Richard, will be in Den One, led by Mrs. Harold Reutebuch.

Announcements on activities included the "blue and gold" banquet to be held Thursday, Feb. 9, at the church. Jones, ticket chairman, distributed tickets to the den mothers.

A new den has been formed, with Mrs. Dorothy Ashlock as den mother.

During the evening, a bobcat ceremony was held by the cubmaster for Richard Lesko, and the following boys turned in their bobcat pins for completing good deeds: Les Noe, Mike Moberly, Eugene Bromkaid, Danny Monhen, Dennis Reutebuch, Kirk Darner, Edward Collins, Richard Sappington and Norman Seim. One of the number, Roger Short, was absent.

Awards were presented to Brad Epping, Michael Jones, Ronnie Yates, George Baltzell, Lonzo Ray, Billy Houser, Craig Argent, Greg Argent; Charles Douglas, Billy Joe Gauser, Richard Asadorian, Robert Cowley, David Lemmon, Mike Mobley, Keith Darner, Keith Cook, Les Noe and Marvin Miller. Receiving two-year pins were Jeff Helton and Robin Teague.

The attendance ribbon for the month was given to Den Two, and a program skit was presented by Den Six. Refreshments were served to the cubs and and their parents by Den Two, and the closing ceremony was by Den One.

Fire Breaks Out In Straw At Paving Site

Firemen from the main station went to 23rd street and Edison avenue about 9:30 Friday to extinguish a blaze which left considerable out in straw covering a recently concreted excavation. The fire was among the straw at a barricade on the project where Southwestern Bell Telephone Co. is installing a new cable. No loss was reported.

Police officers reported Thursday night the settling of a five-foot section of the resurfaced excavation in the 1200 block of 19th street where a new gas main was installed last month.

Noisy Bobsledders

A group of noisy bobsledders was sent home about 10 o'clock last night after police received complaints from residents along Victory drive. The bobsled was being towed by an auto.

Pupil Guidance Touches Life In And Out of GC Classroom

Representing a many-flanked, purposeful approach to the task of student counseling and guidance, Granite City's secondary schools reach out through channels of testing and orientation coupled with aids to social, mental, physical and emotional flowering and stabilization.

School guidance, verily, takes many forms.

It is geared to discover and analyze pupils' abilities, aptitudes, interests and progress needs; help them acquire skills, attitudes and understanding; and develop plans and personal goals which are consistent with the individual's abilities and needs.

That's not all.

As it operates at the junior and senior high school level here, the guidance-counseling program helps the individual help himself; assists the pupil to make wise and intelligent decisions; and deals with growth and development of new patterns of behavior.

Outside Influences

However, the schools unaided by parents, the church and other institutions cannot do it all alone, it is emphasized.

Without examples of good citizenship, honesty, integrity and accepted patterns of behavior to follow outside the classroom, the pupil has only half a crutch for his aid in avoiding youth's pitfalls.

In the Granite City secondary (seventh-twelfth grade) schools, the program functions under the general supervision of Principal Lawrence C. McCauley of the high school; Principal Ralph E. Frohardt of Coolidge junior high; and Principal Walter P. Klein of Prather junior high school.

Dr. Harold M. Kaiser, school superintendent, is in overall charge of the program, outlined in detail in the handbook-manual, "Guidance in the Secondary School," prepared by the school district.

"Guidance," the manual sets out, "is for all students." Each comes within the purview of the program, which is designed alike to meet immediate objectives and long-range goals.

Course Selection

The counselors have the duty of registering, classifying and generally "keeping tabs" on students assigned them. Counselors help in the choice of courses, see to it that the individual learns the dignity of labor and the need for cooperation with his fellow men, and assess the pupils' aptitude for learning.

Importantly, the handbook points out that the counselor and the school have the student for only a portion of each day. Consequently, it emphasizes:

"During the remainder of the time, the home, church and other community organizations must assume their responsibilities for the student's proper development."

Testing Program

In short, the school cannot, unaided, work "miracles" in the field of helping students.

In Granite City, secondary school pupils are given tests, which are alike a record and aid to counselors and his classroom teachers.

The testing apparatus helps the pupil gain new insights into his realistic future with greater motivations.

Importantly, too, testing makes possible changes in the curriculum to meet the needs of individuals.

Evaluate Curriculum

The guidance manual specifies in this regard:

"One use that is made of test results is to aid in correcting student and curriculum weaknesses and deficiencies. Achievement tests are one means of evaluating what the school's curriculum is doing or not doing if deficiencies are noted, then corrective measures may be taken to strengthen the curriculum."

And as an addendum on the subject:

"Too often we attempt molding the student to the curriculum, rather than molding the curriculum to the needs and aspirations of the child."

The home room teacher, too, has an important role to play in guidance; in fact, as exemplifies here, it is a cooperative venture along many avenues, with the reins in the hands of many.

He is a navy veteran of world war II and the Korean war, rising from the ranks to lieutenant, with service in the Pacific and Atlantic theatres; director of the Tri-Cities Chamber of Commerce; past elder of the Nameoki Presbyterian Church; past director of the Cahokia Mound Boy Scout Council; founder of the Quad-City 4-H Club; member of Masonic Lodge 877; director of the First Granite City National Bank, and a member of the University of Illinois Citizens' Committee.

Kaseberg is married and the father of three children. He resides on his farm at Pontoon Beach.

Slight Increase In Cases Handled By County Court

A slight increase in the number of cases handled during 1960 in the county court of Judge Michael Kinney was reported this week by Miss Eulalia Hotz, county clerk for the county court at Edwardsville.

The report shows a drop in the number of criminal cases, a lesser drop in the petitions involving delinquent youngsters, and increases in the number of mental, civil and dependent children cases.

A breakdown of this year's county court cases follows:

Criminal, 216; delinquent petitions, 74; dependent children, 86; mental, 461; and civil, 578. In 1959 — criminal, 240; delinquent petitions, 76; dependent children cases, 80; mental, 426; and civil, 531.

A majority of criminal cases were filed at the office of the state's attorney, mental cases were filed with Judge Kinney and dependent and delinquent children cases were filed after an investigation by one of the county probation officers.

Criminal cases included neglect and refusal to support, 82; vagrancy, 28; appeals, 22; petty larceny, 36; contributing to the delinquency of a minor, 9; violation of Motor Vehicle Act and making a check with intent to defraud, 7 each; assault and battery, operating motor vehicle without owner's consent and adultery, two each; and one each for violation of the public assistance code, operating a trailer park without license, illegal possession of drugs, driving while intoxicated, false pretense, and petitions for Writ of Certiorari (a writ by a superior court seeking to review the decision of a lower court).

Civil cases were petitions for tax deeds, 146; appeals, 123; petitions for support, 83; paternity complaints, 56; general complaints, 56; general complaints, nine; petitions for return of personal property taxes, five; petitions for annexations and petitions for Writ of Certiorari, three each; election contest and petition to adopt managerial government, two each; and petitions to incorporate and petitions to establish time and place of birth, one each.

A total of 144 adoptions were recorded—73 boys and 71 girls. Last year, 124 adoption cases were handled.

Inheritance tax cases numbered 147, while in 1959 173 were filed.

In mental cases, 459 were heard and two were not. A total of 295 persons were committed as mentally ill to Alton State Hospital; 98 were found without psychosis; 35 were dismissed; 15 died prior to hearing; nine were committed for mentally deficient reasons; seven are pending, and two persons were committed for mental treatment.

The number of dependent children petitions included 86, and involved 185 boys and girls. Delinquent petitions totaled 74, with 62 boys and 15 girls involved.

Named Representative Of Insurance Firm

Clarence E. Alcorn, 1836 Spring avenue, has been named an area representative of Sentry Life Insurance Co., an affiliate of Hardware Mutuals.

Alcorn was certified following completion of an intensive "life career" course, and examination on his knowledge of personal life and business insurance. Addition of the Sentry ordinary, erdowment and term policies will equip him to fill virtually every personal and business insurance requirement, it was announced.

Parking Lot Mishap

The auto of Gene Bewley, 2421 Grand avenue, slid on ice against the parked car of Floyd Price, 3310 Franklin avenue, at 4 a.m. Sunday in the Bowland bowling lanes parking lot, the sheriff's office was notified.

Girl Scout Troop 65 met Thursday afternoon in the lunchroom of the Louis Baer school. Mrs. Marcien Obranovich, leader, assisted the girls with the meeting.

Litter bags are to be sold by girls of the troop to raise funds for an educational trip which they will make during the spring. Time was spent dramatizing a play for first and second-class badge work.

Those present included Donna Jones, Donna Rhoads, Sharon Obranovich, Donna Simmons, Linda Elliot, Mary Ann Corey, Carol Davis, Charlene Volosli and Mary Kile.

County Farmers To Study Weeds, Insects

Safe, economical control measures for weeds and insects will be outlined for Madison county farmers Friday, Feb. 17, by R. Earl Grossmann of Bloomington. Grossman, farm chemical product manager for the Illinois Farm Supply Co., is a graduate entomologist specializing in farm chemicals.

Beginning at 1 p.m. in the Farm Bureau Building, Edwardsville, he will discuss and explain insect and weed control methods recommended by the University of Illinois College of Agriculture. His talk will be illustrated by color slides and will touch on comparative advantages and disadvantages of control materials currently available to Illinois farmers.

Also to be discussed are various methods of application, and economic considerations to be satisfied before using chemical controls for weed and insect infestations. It will be an open meeting for all Madison county farmers.

Mid-Winter Concert By MHS Band Thursday

The Madison high school band, under the baton of Director William Ledbetter, will present a mid-winter concert Thursday in the Madison high school auditorium, beginning at 8 p.m.

Tickets, which entitle the holder to admittance to Thursday's concert and another to be held in the spring, are on sale now, Ledbetter said, and are available from band members.

This week's concert will feature clarinet soloist Jeanette Dollins, and includes several marches and the "Barber of Seville Overture" by Rossini on a 10-selection program.

2 Held By County For Holdup Here

Two Granite Cityans are being held at the county jail on armed robbery charges stemming from a Dec. 7 stickup at Estes Confectionery on Courtenay blvd., outside the city limits.

They are Thomas Suddeth, 20, who gave his address as 2915 Myrtle avenue, and David Lee Anderson, 22, who said he lived at 1806 State street. They were taken into custody in New Orleans, La., and were held for local authorities on information obtained by the Granite City police department. They were returned to the county jail late Thursday by Sheriff George Musso.

Local police were advised the pair admitted to New Orleans authorities that they had taken part in the holdup, which occurred about 9:30 p.m. Dec. 7, when a woman clerk was alone in the store. The loot amounted to about $175.

Sheriff Investigating Fire On Lake Drive

An investigation is being conducted by the sheriff's office to determine if a fire which caused about $1000 damage last Wednesday morning to a frame apartment building at 3940 Lake drive was vandalism, arson or accidental.

Long Lake firemen, who answered the alarm at 11:20 a.m., reported about $1000 damage to the frame building. The three-room apartment, one of three in the building, was vacant and empty. The building is owned by Andrew Bukovac, who called upon the sheriff's office to study the cause of the blaze.

Firemen were at the scene about 25 minutes and used 400 gallons of water to extinguish the blaze which burned through the wall and damaged both the inside and outside of the apartment bedroom. Firemen believe the blaze started from a nearby rubbish fire.

False Fire Alarm

Venice firemen received a false fire alarm at about noon Sunday, being summoned to Venice high school.

Look your faults squarely in the face and you'll get rid of them.

Furnace Breakdown Closes Lincoln School

Classes at the Lincoln grade and high schools in Venice were dismissed shortly before 11 a. m. today due to insufficient heat in classrooms, caused by a breakdown of the furnace in the Lincoln grade school.

Lincoln Grade School Principal Charles Byrd said that a bearing in an electric motor which pumps fuel oil to the furnace apparently burned out sometime Sunday, and that workmen found other repairs to be necessary when they arrived at 9 a. m. today.

Both grade and high school classes were dismissed, Byrd said, since high school teachers and students make use of the grade school building for a number of classes during the day.

The temperature in the grade school building had fallen to 50 degrees by 11 a. m., Byrd said. Workmen presently are trying to complete repairs, but is is not known if they will be completed in time for the resuming of classes tomorrow, Byrd said. Enrollment at Lincoln grade school is 309 students. At Lincoln high school 93 are enrolled.

No Plans To Explore Great Cahokia Mound

By Charles B. Hartnett
Public Relations Director
Illinois State Museum

When archaeologists of the Illinois State Museum began uncovering outstanding Indian ruins at prehistoric Cahokia recently, there arose the question of why the nearby Great Cahokia Mound has never been excavated.

The huge mound, located a few miles from Collinsville, covers more area than any of the Egyptian pyramids and is recognized as the largest prehistoric earthwork in the New World. All evidence points to its having been used as a tremendous platform for an Indian temple about 960 years ago. Being such a historically important object, why then have archaeologists never undertaken its excavation?

The answer is quite simple when one realizes the immensity of the mound. The Egyptian pyramid at Cheops — one of the seven wonders of the ancient worlds — covers an area 768 feet on each side. The Great Cahokia Mound, also a four-sided pyramid but terraced and truncated rather than peaked, is 1080 feet long and 710 feet wide. It covers three acres more ground than the Cheops pyramid!

New Findings Possible

Scientists become reserved when asked what they think might be found if the mound were to be excavated. Since it probably served as a great temple, archaeologists consider it likely that earlier platforms and temple ruins may be found inside or underneath the mound. A negligible amount of digging carried out over the last 70 years, however, revealed nothing extraordinary in the mound's composition.

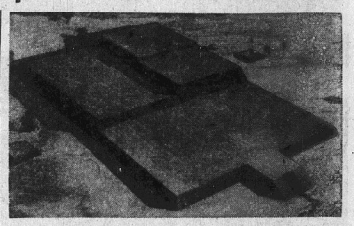

Erosion, tree growth and vandalism since the turn of the century have defaced the earthwork but have not destroyed its original form. Pot hunters who once scavenged its terraces in search of relics now find it protected within the Cahokia Mounds State Park. Much of the mound's original surface has long been destroyed.

Lengthy Project

Assuming that archaeologists were convinced that excavations could yield new and valuable information, the task of exploring the mound thoroughly and completely would take so much time and manpower that the wealthiest philanthropist would shudder at the thought.

For, according to an off-hand estimate by Dr. Warren L. Witry, curator of anthropology at the Illinois State Museum, the task of sifting the 36 million cubic feet of earth comprising the mound, would take a crew of 100 men more than 1000 years.

Thus the secrets, if any, that the Great Cahokia Mound holds seem destined to an even greater obscurity than those of its Egyptian counterpart. When the mound is finally destroyed, it's a safe bet that weather — and not men — will turn the trick.

An artist's conception of the Great Cahokia Mound in 1000 A. D. shows the massive structure with its terraced "steps," surrounded by smaller mounds of various sizes and shapes. A temple probably was situated on its uppermost level. —I. D. I. S.
